Hello again! I'm back after a couple of months off. Apologies to all who sent in write-ups, for being to late. Also, a special apology to Helen Rankin because I've had her write-up here for quite awhile and didn't know it. Here's Helen:

"I have 2 apps, a mare & foal. The mare is black w/wt. blanket & a sock on her left foreleg. Her name is SPY GIRL. Her sire is Royal Sherry and her dam is Desert Flower. I haven't shown Spy Girl yet, but I'm sure she'll do very well. Her foal is APRIL SPRING, a filly sired by Jim Brollin's Stud Spider. April is also black w/a blanket. She's really cute and is now 3 mths. old. Both she and her dam are Breyers."

Thanks, Helen! Good luck w/them! Now here's a real oldie, dated Nov. '74 from Carol Hatcher (Sorry, Carol!)

"OAT JACKSON is the newest appy addition to Sundown Farms. A fine 6 yo stallion by Heatwave and out of Jackson's Mistress. He's a bay and wt. blanket pattern w/black m/t. As soon as I get Oat's pix taken, he'll be shown in West. & Eng. classes. He's in training now for harness, so look out for him. Oat's stud fee is 10¢ plus a 10¢ stamp."

Now that's a versatile horse! Now, onto our fearless leader, Jean Derench:

"An appaloosa w/out spots? Sure! There are plenty, and that's just what SUGAR BARS BRANDY is! She's a rept. Brey. grazing foal, chocolate brown w/wt. blanket, which extends over half of her body, and she is spotless! She's been to a few shows already, and in her first, won the Foal Champion award as well as the appy foal class and open foal class! Since then, she hasn't done much...we're sure it's cause showholders look first for spots in an appy...but we don't care if she never wins another placing, cause she's a favorite of ours. Sugar Bars is a 3 month old filly by Brandy B Bicker and out of Parader's Dolly, CCBA Reg. and as cute as heck!"

Thanks alot, everybody!! That's all for now. WRITE! Katie Richards, 3835 S. 7th W, Missoula, Mont. 59801. Next mth, Judy Lodge!

PALOMINO PARADE

By Celeste Proe

Howdy! How are you & your palo's doing? Would you like to do me a big favor? Write to me & tell me about your palos, OK? OK!! Now here's Cheryl Williams w/some of her palos!

"Here at Red River Stables, we have 9 palo./arabs, 1 palo. QH, 1 palo. SB, and a palo. arab/QH cross. I'll round up some for ya this month, to be cont. next month! First, here's GOLDEN OPPORTUNITY, (Titanic x Gold Heels) my 5 yo arab stallion. He's one of my top palo. studs. He's bred only to produce little palo. foals and so far, he's passed on his color to 7 golden foals. If it's color you're after, he's the one to breed to. Hmm. Here comes GOLDEN BELLES, a fine mare & mother. She's doing real well w/uh...what's that?! Oh, did you want to say something? OK..." Now that Cheryl has let me put my 2¢ worth in, I just have to say that I really like it here at the stables, and on behalf of my daughter, she likes it here too. (She can't say too much yet, but has been saying da da ma ma.) So, I invite anyone to write us here if they want to know more about us." Uh, Thanks, Golden Belles. Back to me, let's see what else I can round up; here comes HARVEST and her filly GOLDEN HARVEST. G. Harvest is another of G. Opportunity's foals. She's a 7 yo palo. arab mare and she's real good w/foals, as she has had many."

Wow, thanks alot, Cheryl! Next month, we'll finish Cheryl's round-up, so till then, SILENCE IS GOLD - EN! Celeste Proe, 828 Willow St, Iowa City, Iowa 52240. Bye!!

NEW TO THE STABLES

By Katie Richards

Hi! Here we have a write-up from Judy Lodge:

"New to my stables is FLAME, a lovely rept. PA stallion by Sandy Tomezik. He arrived at my stables a couple of weeks ago and is a real beauty. He'll be shown shortly. 2nd is MOUNTAIN BREEZE, a pretty brown & wt. pinto rept. by me on the PA stallion mold also. I just finished him & will be taking pix. soon. She should be a winner."

As that write-up was received awhile back, both of those horses are already showing. Hope you have good luck w/them, Judy!! I also would like to say that I met both Judy Lodge & her husband this summer, and they are both wonderful people!! Well, I'm out of write-ups, so please send me some!!! Katie Richards, addy above.

 GENTLEMEN ONLY

By Helen Rankin

From the Rocking Horse Stables comes w beautiful stallions. First, here's a Quarter Horse/Paint, ADDIES TREASURE, named after the T.V. Show Thanksgiving Treasure. This fine QH is being shown only lightly, as his owner Celeste Proe is rather busy w/school. DEBONAIR, the 2nd stallion this month, is a bay Thoroughbred, shown at halter, and EP. This fantastic stallion has sired a number of truly fine foals. Like Addies Treasure, Debonair is standing at stud. Anyone interested in using these fine horses, write Celeste Proe, 828 Willow St, Iowa City, Iowa. 52240.

Next month, we'll read about Shamraff and Sandstorm of the Double Diamond Ranch. Thank you very much, Celeste, for writing in! Bye! Helen Rankin, RR1, New Hartford, Iowa 50660.

Requests and inquiries to: Becki Bell, Bay Meadows, San Mateo, Calif. 94402

FROM THE EDITOR...Speaking of studs, some of you who've been asking for my stud/dam list that I'm out of, check w/me again real soon, the new & up-to-date '76 listing is coming out as soon as the AMGHA Celebration results arrive. OK? Tina English, addy elsewhere.

LA SPACE FILLER

(This issue was small, so next month everyone had better send something in!! By the way, Jean, I'm still trying to figure out a way to get back at you for that crack about the KREF....(No, silly, spell it backwards and figure it out yourself!!) So, don't worry, I'll find a way.

Please excuse some of the pages of this issue; I mean, for being light. I'm typing this page on a more expensive master, hopefully that'll make a difference.

RAY CUMMINGS! He's loose-lips? / Filling spaces drives me batty-somebody do something 'bout it!

LA SECONDE SPACE FILLER

"Hi-Stonewall's Showoff" - "Muscles" By Tina English

"Born in the dirt, he was just a little squirt, kinda wobbly at first,"
He took his naps in my lap till he was too big for that,
Colored out a bronzey-gold, like from his Daddy's mold,
At the shows with the others, he came thru w/flying colors,
We love each other so much, let nothing come between us! (How sile
Tall & beautiful -- a dream come true,
Eagle-eyed & proud -- he'll "Showoff" for you!"

(How sickening...)

[illegible]

Think I'm crazy? Guess what? You're RIGHT!

HOWDY!!! Man, am I glad to finally get this issue out! Santa was VERY good to me this year, bringing, lo and behold, a ditto machine!! So you can thank my parents for making this bulletin come out again! To get everything back on schedule, I figured I'd combine one more issue, including the Jan. '76 issue in this one; that way, the Feb. one will be out on time, deadline Jan. 25. Quite a few subs expire next month...to these people, this is your last issue: CAROL HATCH (exp. 12/19/75), DEBBIE YOUNG, (exp. 12/6/75), LAUREN DAVIS, (exp. 1/2/76), KAREN HEINITZ, (exp. 1/3/76), BOBBIE MOSIMANN, (exp. 1/1/76). These next people's subs expire w/the Feb. issue: SANDY TOMAZIK, ANDREA KRIVAK, SUSAN RUPERT. Rates are still \$1.50 3rd cl, \$2.50 1st cl. I hope you'll all stay w/the HSR. Now that I have my own machine, I can take more time at it and turn out better bulletins!! Also, ad rates are the same, 50¢-page, 25¢- $\frac{1}{2}$ page, 15¢-less than $\frac{1}{2}$ page, 5¢-20 words or less. And, all of you who are in doubt as to where I'm at, my address is: RT. 1 BOX 247, SPRING HILL, KANSAS, 66083; stable name change, slightly; BLUE RIDGE MTN. STABLES - S-bred/Gaited Div: BLUE MOUNTAIN SADDLEBREDS. OK?

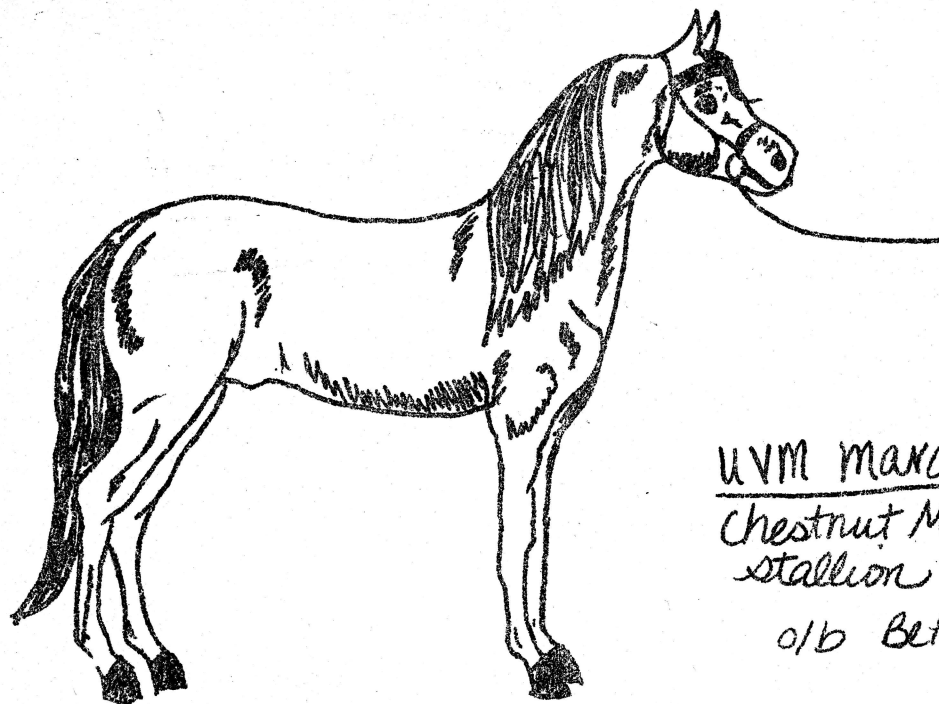

For all of you who inquired as to the shape everyone arrived in, I have all my china horses unpacked, and all arrived safely. (They must have been packed well after me & my car sliding off the road in a solid sheet of ice in Wyoming! HEE!) I imagine since all the china ones arrived safe, the others did too. Most of them, we took w/us in our cars & trailer. (Muscle's travelling companions were 3 boxes of plastic models!) By the way, the deal on the '75 Mustang Mach I fell thru, I had a buyer for my '74 Mach I, but she backed out at the last minute, and by then it was too late. (The day we were leaving.) So, I'm spared learning to drive a stick shift for awhile, anyway, but now I have to find the money to get this one rept. & have it tuned up; and I still enjoy it alot, so I'm not too upset about not getting the other car.

The place here is very beautiful, but there are dead branches & trees everywhere, and the yard needs cleaning up. Dad bought a big chain saw, so we should have a blast cutting up & burning everything in sight! For those of you who don't know of my idea, I'm tentatively planning a live show here this coming summer, and would like all interested people to RSVP so I know what's going on! We have plenty of room, so no hotel bills or anything like that. I haven't started on a class list, or decided who's judging yet-and would also love some ideas for sales, auctions, etc. and other things besides the show. And, if the live show doesn't come off, (I mean if I don't get enough people interested,) I'm extending an invitation to any of you who'd want to come visit anyway! But, I'm sure if I can get a good live show planned, enough people will show up and it won't flop. Anyone out there ever had a live show? If so, or if you've ever been to one, please, I'd appreciate you writing & telling me some more about them, and giving me your suggestions, OK? Thanky! I don't know what month this summer, either - if it ends up in August, I might substitute the live show for my 4th annual BRMS show, but that's a slim possibility. Anyway, please write & give ideas, OK?

All real horses & dogs arrived safely, too. I thought maybe our 14 years old collie wouldn't make it, she was so sick before we left, and acted worse when we got here. Evidently, she was just so confused, she couldn't get her head screwed on straight & everytime we'd let her outside, she'd just walk in circles. Not to mention, in new surroundings, we found she's alot blinder than we thought, too. But, she's OK now, and doesn't seem confused anymore. When I can find \$300, I'm gonna get me an Irish Wolfhound to protect me from the coyotes, hee!! (I'm serious about the wolfhound...there ARE coyotes, but they don't attack people.) We have the greatest neighbors anyone could ask for, too, all 2 of them. There are 2, soon to be 3, apples next door, and their friends, who are now ours friends, live about 5 mi. away on a big farm, and they're going into the Morgan business. I'm excited about that, cause they want my help! They know nothing about horses - the kind that have the horse in one hand & the book in the other - and have 4 fillies that they're not too sure what to do with! So, I'm gonna help them out w/these fillies they have now, and when they get their 6 broodmares & famous stallion in April, they're gonna hire someone to help..hopefully me! They're not stuck up people either, I didn't have to deduce they knew nothing about horses..they kept harping on it, and begging me for assistance. Well, I won't get too excited in case, but in the mean time, I can sure try to impress them! We're boarding the 3 beasts of mine till we can get fencing & barn built..I'd like to call in a work crew to help us, anyone volunteer???

Well, hope Santa was as good to all as he was to me!!! Today is Christmas Day, & here I am playing w/my new toy already, Dec. 25th...ahh...right on time. I'm gonna expect to here from all of you about any new models you got for Christmas, OK?? Till the Feb. '76 issue, HAPPY STOWING - May all your ribbons be BLUE!!!!
