The next available issue is always sent, so get your money in early to avoid missing any issues. Canadian & Canal Zone readers please add \$1 for 6 issues extra due to postage differences. I am going to cut down on the number of overprinted copies to save time/money, so get those orders in fast! Thanky! /AD RATES: 1 classlist (full or only partial page)=\$1.50, stable ad (full or partial pg)=\$1.50, 1 long list of models for sale (full or partial page)=\$1.50, etc. Please do not mix ads on 1-sheet & call it 1 ad, they will be split & only \$1.50's worth printed. Small ads, such as wanted or for sale, are 5¢ per 20 words, limit 100 words to an ad & 3 per person per issue. Large stable ads do not qualify, hor may drawings be used w/the 5¢ per 20 word rate ads unless additional money is paid. Have a question on your ad's cost? Send SASE & ad & I'll let you know cost. If you overpay, the overpayment will be credited to your name or refunded. Buy an ad-sell models ED.NOTES: First of all, no SASE, no reply! is the standard here. If you sent me questions but neglected to send self-addressed stamped envelope, then your letter more than likely was dumped. I am eager to help you w/ questions but stamps cost, so send SASE or stamp! Also, I cannot slip a letter into your MHSJ to answer questions. That violates my use of the bulk seal & without it, the MHSJ would cease to exist altogether. So do NOT ask me to do this: I WILL NOT....I do have a few left of the Part I of the Directory. Send 5¢ & long SASE... The next part of the Directory should be in Sept; 's issue. Time did not permit this issue to carry the installment. Also, new people, if you want to be listed, send your name, address, stable name & phone no. (if desired) to me (LW) for inclusion at NO charge... The new shower's only show is tentatively scheduled for late Oct. Sorry so late, but travel keeps me hopping not to mention the MHSJ work. Hang in there!... Many folks have asked me HOW TO REGISTER A MODEL. I suggest you turn to page #7 for a typical reg. format & go by what this list suggests/requires. Each registry does vary, but this is the basic info required in all. Fees likewise vary, but a fast note to a club/reg. will clear up fees, but don't forget SASE! Basically the info all clubs need is: model's name, age/date foaled, sex, breed, color & matkins, maker & manufacturer's no., height, scratches/brands, sire/dam' (some reg. grand-sire/dam) & the fee plus postage. Actually to be shown, a model need NOT be registered; BUT it is a good idea to do so in order to protect the name & pedigree. Most of the MHSJ advertised shows are open to all people, but a few do have certain requirements, so each time you prepare to enter a show, check the rules coming after the FEE. It'll pay you to read these rules. Confused over fees? The 'Stable fee' means you may enter all pix in all the classes you wish, usually NO limit. The 'Div. fee' means you may enter all you like in 1 part of the show after paying the fee. (Per horse/class' means for every model you put into one class, that fee must be paid. Hence, 5 horses in 5 classes at a 5¢ per h/c fee comes to  $25\phi$ . Choose wisely & show only your best...BYE! Linda

On to Julie Kunkel's great Leftons! Her 1st is SORAYA, a lovely 3 yrold 4½ Amer. Sad. filly. She's grey w/darker m/t, 4 wh. socks & a white diamond on her darling face. Her newest is BAY JANUS, a bay in a walking position w/4 stockings/star & a blk. m/t. He's a 3 yrold TB & will be shown & raced. She'also has an unknown, possibly Lefton, true-life 9 yrold, 4½ brown w/4 who socks, darker m/t & star. He looks to his side w/l hind leg back & both fores together. He looks a bit like a TB. Thanks, Julie-he does sound like a Lefton I've seen in shops but am not sure. Got room for 1 quickie: Mary Hale's SUNSATIONAL! She's a creamy Palo. w/flying white mane/tail/stockings. She has been a Res. Grand winner as well as having picked up other top awards. Sounds like a TOP model! Thanks all!!

Well, sit tight 'cause here ci comes Nancy Mongan's black Melba Ware Clydesdale, mine, also black, brings up the rear, all docked out in their lether harnesses w/brass trim! Time once again for everyone to round-up their horses & head for home. See ya next month: NOTE: I'm presently working on write-ups for the 1976 issues as that's how far ahead I am w/NA's. You can help me & get your NA's in faster if you limit yourself to the top THREE models, you get, only. I thank you muchly! M.K. (Ed.I set the 3 limit as it's not fair for people to take a whole column per issue to feature their models. So please keep it down to 3 horses maximum out of all you get. Thanks!! Bye!)

Yes, I KNOW there are dozens of registries, with new ones starting every month, but if you'll read this I'm sure you'll find it worth your while! First, the R.L.R. is composed of 13 divisions, each for a different breed. Having 1 registry for all breeds means savings for YOU. One address to send to, one point system to keep track of one fee system, one newsletter, etc ... Think of the stamps, envelopes & time you'll save with only ONE registry, many awards, shows at least every month; v racemeets too. We'll also have raffles & auctions. Each if there division will accept only a limited number of horses, & I.Arabian. is a good response, the limits may be raised. Divisions: 2.TB, 3 Quarter Horse, 4 Morgans, 5 Mustang, 6 Appaloosa 7 7 Pasos, 8 Welsh Pony, 9 Shetlands, 10 Drafters, 11 Pinto/Paint, 12 TWH/Sad. 13.Lipizzan/Fox Trotters. (Stallions -- also send list of names & owners of fonls, if possible.) Foundation sires for each div. will number 10% of the limit set for that div. Found.sires must be over 5 yrs. old & purebreds. They'll be used in advertising, as cover models for newsletter & will be recommended to any who need sires. To NOMINATE your stal. for F.S., send above info plus full pedigree & pic or skotch. Pic returned immediately. If accepted, additional 10% fee required. All F.S. receive professional pedigree chart free ... Newsletter: Sent monthly except Dec. Need columnists. Interested? This month I'm going to tell you about my 2 fav Beświcks. \*CARDIGAN
BAY is the bay brown Q.H. stallion #2186/8760, standing 7 7/8" at
the ears. In showing he picked up a Grands & is a top
example of QH conformation...HUMBOLDT, JR., is the gorgedus 'Black Beauty' model #H2466M standing 7 1/8" tall.
He looks almost like my real horse who carries the same
hame, & when he is shown, he'll be a TB. Next issue: Dierdra Davey. (Ed.While in London, I lucked into a magnificent
red bay matt finish QH model, #2186/9873. The detail in his
eyes is something to see, and he should prove a top showhorse later on.)

In a stableful of repaints, natural fin. & flocked models, I have 2 Ltehas & a host of Hong Kong flocked animals. Today we'll speak on HK flock...First, be it known that HK animals are electrostatic process, & in most cases, the flock is a cotton variety. HK animals are also usually of a flexible material, which requires a different kind of adhesive than used on rigid forms. Among my HK's is a fat grey pony who was wearing a ribbon bridle. The 1st thing I did was to remove the ribbon, & in doing so, discovered something of minterest, I had ripped off the flock coat & pulled part of it off. Carefully I removed the ribbon from the torn piece & saw the backing was still sticky, enough in fact to carefully lay the ripped piece back against the plastic where it came from. It stuck so well you couldn't even see where it had been removed. So if you have the same sort of accident in removing unwanted tack from HK animals, this just might work. . Steha losing hair? HK model showing wear? Some other problem? This column is for the care/feeding of flockies of all kinds. Write: Until next month, THINK FLOCKED! STARWAY STABLES 1st GREAT SUMMERS! END SHOW: Aug. 29th -- Cheryl Highwart,

TONY: A beautiful 16 yr. old buckskin Quarter Horse stallion, Tony was never shown but did he race. His earnings total close to \$900,000. To go with all of this, his bloodlines trace to Traveler & Peter McCue, some of the QH Foundation sires. Although he has only 1 QH to his name, his one & only is doing pretty good. In his 1st race, this colt won 1st & nrought home \$30,000. It might not seem like much to other people, but to me he is something very special. If Tony seems that special to be the sire of 1 of your foals, his fee is only 10% & SASE. I have nice breeder's Certificates to fill out but have no one so far to fill them out for. Give him a chance to prove of value to someone's foal now that he isn't racing.

\*RIFFLE: 3 yr. old beautiful H-R 'Kelso' TB. His earnings are now \$150,000, & we hope Windsor Downs' fantastic 'Public Enemy No. 1' Will be his sire. If she does, you know \*Riffle's bloodline will be great! Hopefully he'll follow in P.E. #1's hoofprints. A great horse by a top sire! Fee: 10¢ & SASE.

12.Draft

There is so much controversy over horses versus background in pix, that I'd like to offer my comments. Our horses are supposed to represent real ones, right? We breed them, tack them up, make pedigrees, give them personalities, no? Then we owe our models the same consideration in picture taking!

True, we are not all experienced in pic taking, cannot afford the most expensive cameras, BUT we can do our best with what we have. If no outside landscape is appropriate, then by all means take a 'studio-type' picture. Large wall posters offer many varied backgrounds, or design one of yourown. A plain neutral backdrop may even be better because there'll be no worry over background vs. horse! The only thing important, I think, is to get on eye level with the subject. Heighth reduces the illusion. A model sitting on the backporch table or against a table leg with peoplescaled objects in the background, or a giant-scaled shot down the the horse's back, just does not convey the feeling that this is a 'live' equine. A draped cloth, light for dark horses, dark for light, or in the case of Pintos & Appaloosas, a pastel shade of blue, brown, yellow, orange or green plays up the model. (Ed. They don't get lost in the background that way.) Your trail & jump obstacles cân also be set up w/this background. After all, you could be in a showring, right? A plain stucco wall of a building is great also for a backdrop. Early morning sun is best & avoid noon or early afternoon sun because it will throw too much light/glare. If the area you wish to use is in shadow, check & see ifit has reflected light coming from a window, wall or pavement. Sometimes this will make a better photo with no glare. Did you know you can use your flash outside to good advantage? If you have to use a shady spot to avoid glare, try your flash equipment; you may like the results better. Most cameras take fairly good close-ups up to 3-4 feet. Use a tape measure & take notes on each exposure to find the best distance for your camera. Instamatics usually take good pix at about 3 feet (Ed.Some as close as 22 feet.). It will vary from camera to camera, however.

This hobby can teach horse-lovers so very much, & I look for an impression the model leaves on me, whether the pic is large or small, or the photography isn't quite the best. You must become involved in horse history, breed history & requirements, advertising, painting, leathercraft, photography, costume design & art, plus amassing countless friends thru correspondence. You have also learned dependability & record keep-

ing, plus expanded latent talents & learned new ones.

I am proud to know you all and am proud to be a small part of this hobby. As you have helped me when I was a novice, so I would like to assist you with my observations, even in a small way. HAPPY TRAILS,

## CEDAR PARK NIGHT STALKER

(Stormy Weather x Back Talk)

Yes, this gorgeous 8 yr. old black Welsh Pony stallion is open to 15 outside makes only on approval. In 19 shows only, he has proven himself, never having been unplaced in any show & usually bringing home a Champion-ship! From the top of his jet black head to the end of his long, silky black tail, this pony is unfaultable in conformation. His fine well-made head has a spotless white as snow star between his well-set eyes, and his legs sport 4 socks, making him rather flashy. His book maybe opened further on this year, but

OUR SHOWING WORLD Denise Nelson, 7010 Barton Rd., Roseville, Ca. 95678

Hi! This is a new column to help all of you better understand classes on showlists. I'll try & explain why & what tack & obstacles are required, plus give some tips on how to judge each class. I mgoing to start with GET OF SIRE class. This is much easier to judge if both the sire & his get (his sons and/or daughters) are in one pic. You may have 1 or more foals in a pic, and this class is judged on the conformation of the sire & how well he has passed it on to his offspring. Only outstanding stallions of each breed are kept to pass on all the quality noted for his particular breed, Others should be gelded.

PRODUCE/PRODUCT OF DAM or MARE & FOAL: This is almost the same as get of sire except here you show the mare & her foals. Again this class is easier to judge if both the mare & foal(s) are in the same pic, 1 or more pictured w/dam. This classis judged on the mare's conformation & how well she passed on her build, color, etc. to her foals. And remember

a mare can only have I foal per year, usually!

My thanks to Linda for squeezing in another column. Hope this will assist everyone in their showing. If you have any showing questions, write in. MUST have an SASE for answer. Until next issue, HAPPY SHOWING!

presented.

I would like to apologize to all the folks who have written me & have not gotten any answer, I have been under the weather for quite some time and hopefully will be able to get my pile of mail answered shortly. Thank you everyone for being so kind and understanding. See you in the shows!! Sue Watts, 3926 Manayunk Ave., Philadelphia, Pennsylvanis 19128. Bye!

\_ ED. Thanks to you, Sue & family, for allowing me to stop-over, however briefly, when I was on my way home from England. I don't think I have recovered from the shock of seeing so MANY beautiful models. Now if I only could have sneaked a few into my already-overstuffed suitcases....

\*\*ATTENTION HAGEN-RENAKER LOVERS!! Linda  $^{\mathrm{K}}$ elly & I (Nancy Banks) are wanting to find out how many of you collectors would be interested in purchasing the large 9-10" H-R Arab family. These will be REPRODUCTIONS made of bisque finish, done in ceramic stains to look like the original H-R's. We would do custom painting/staining, too. These molds would be fairly expensive but would be way under the going prices of the originals. We hope to be able to sell them for: mare=\$20, stal.=\$22, foal=\$17.50. The postage is NOT included, nor insurance. We hope to be able to give collectors (esp. you younger ones) a chance to own some of these which are as nice as the originals in detail as they are from the same molds. They take about 4-5 weeks to get to us for painting but we hope to have a family finished & pix taken by the time you read this. Let us know your opnion & interests.
