The

Model Horse Shower's

After coming home from the factory, there are some notes concerning 175 Breyers! First, the H-R TB's were run shortly between May 174-Nov. 75 & are disc. Jan. 1st. All the Mcgans & Arabs also are disc. You will NOT lose the TB's tho for they are in the Brey. line for Jan. 15th release. Silky Sullivan & Swaps are great but Kelso seems a bit dull in matt. Terrang will be cff-color no matter how we paint him. True seal br. painting would cost. Finally they resorted to a choco/bl./br. & let the lighter mold shaded w/paint represent the seal br. highlt. pts. Man O'war is beautiful & should hurt the #47 sales, but not really, as all Breyers of the future will be 3/4 or gisize production. New & Brey. Orig. is a TRUE Lipizzan in Levade position. He's fairly nice & eye appealingsthough missing some muscling he should have. Start adding Lip. classes now! An item for May '75 release is the STABLEMATE-TRADABLES! They are H-R mini Araba, mini TB's & Saddler! (Jan. for Arabs) They'll be mini-boxed & on cards: They'll be in a mini-barn type display. (Ed. Far out.)... Something I want to comment on here. I got wind of many complaints on Brey.quality lately. Last year recall there was a bad oil shortage (or so-called)& prices soared on the plastic Brey. uses. They had to resort to trying new plastics, which proved inferior to molding & finish. (PLastic comes from oil as it's a petro-product.) A hint you may have gotten one of the inferior plastics (because they were released) is the fact they are RED, GREEN, PINK, GREY OR BROWN (hershey or lt.) molded but UNPAINTED. If you are remaking a model & find any of these colors u/the paint, you have a collec-. tor's item. Why? The factory realized how terrible the plastic was making the models look so returned 50,000+ to the factory for re-processing & destruction. During that time of returning the models to the factory for re-doing, they ran short of models about mid-summer. They're pretty much caught up re-running the models & are making headway getting new ones out. It appears the Jan. 15th released ate will be met... More next (Ed. Hated to cut the article, but space is of the essence, Hear Marney's comments next issue on the Appaloosa Perf. Horse! Thanks so very much. Marney, for passing on the above info. Apologies for editing it down. but you get ALL the credit for the tips of information. Thanks...) DIAMOND SPRING ALL Q.H. RACE: March 17 -- Judy K. He is regis. w/the Blue Venasus Horse Club in New York.

Shiloh Stables owns about 50-60 horses, all Breyers! I'm looking for a good Western bridle & stock saddle. Anyone willing to sell? (To fit Brey. #101) Thanks!! Send Sase...Bye!

If you copy at 5¢ a page or 10¢ a page, think how much it will cost for 5-10 pages & 20 people :.... Ed. Right on?

Hello all you antique fans! I hope you've been searching the old novelty shops for bese treasures! Me, I can't afford them, wish I could! This month we have Ruth Lent w/what she has in the antique horse field: "Enclosed is a skecth of a little foal I own. She's a little darling & heavy for her size. I think she's made of pewter or something similar She has a cream-colored enamel coat orig. fin. & has fair-to-good detail for her size. She is shown very little because of her size but she does place well when shown. I believe it's her position that makes her so unique. I show her as an Anglo-Arab under the name VICTORIA. Does anyone have further info on this mold? There are no stamp marks of any kind."

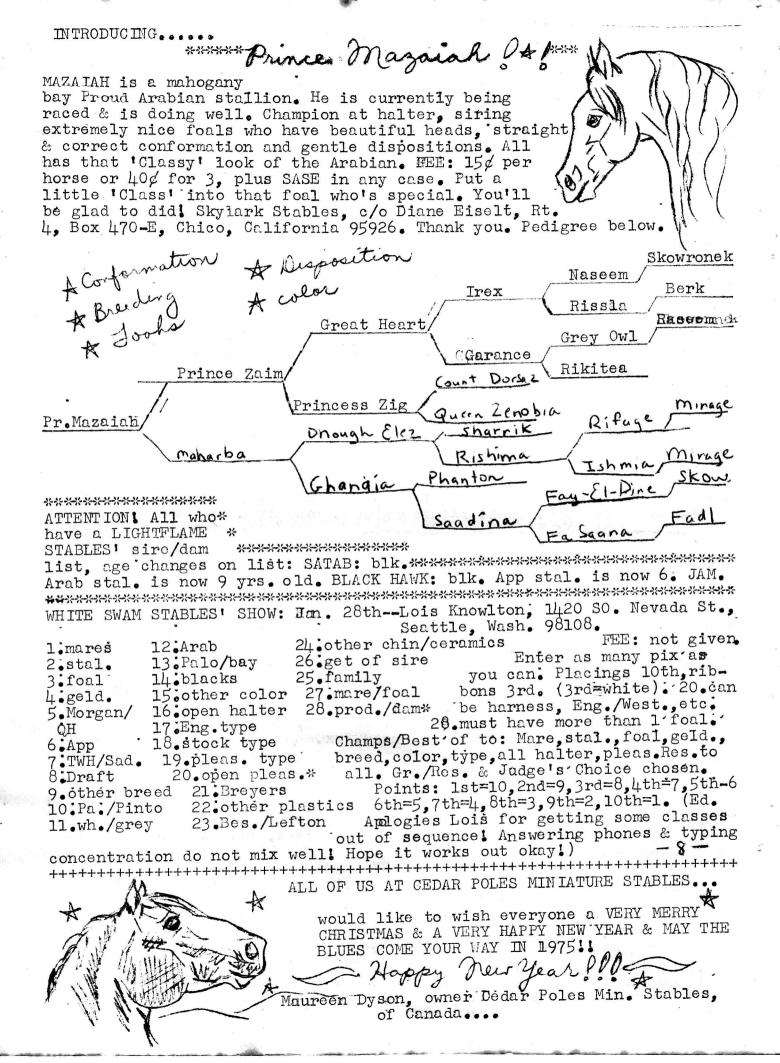

Thanks so much, Ruth, for sharing such an adora-

A Thoroughbred by any other name is still a horse bred for speed, so we shall name a few w/TB characteristics though bred in other countries.

The AKHAL-TEKE is bred in the arid wastes of Turkmenia & through many years of heat & harse conditions, the hand-raised & hand-fed horses evolved into a beautiful, hardy an nimal. Bays & greys are promiant but the more desired co-

lor is a honey-gold-w/blk. pts.. The AUSTRALIAN WALER came from Dutch & Spanish blood w/a later mixture of A-rab & Barb & still later TB introduced to refine the horses. Racing, introduced in the early 1800's, helped to

establish the breed. During the late 1800's the breed was almost lost when stock was neglected as ranchers dropped everything to hunt for gold. Lucky gold seekers turned their wealth to racing again & once morehe came into his own. After W.W.II it had to make another come-back but is now well-established & besides flat racing, it is noted for steeplechasing & show jumping...The Russian BUDYONOVSKY were developed by crossing Don horses w/TB's. They are very good looking horses of excel. conformation & great speed. They are used mostly for steeplchasing, jumping & the Olympics...The DONSKY is another Russian breed of medium height, 15.2-15.3 hh, developed from Persian & Karabahk blood. Many have the golden color of the Karabakh breed, which are Arabian in conf. & almost always golden in color. The Donksy's expression is noble, befitting their Persian head & excellent conformation. Next issue, more on other racing breeds.

THE INTERVIEW... Linda Lucas, 5752 Ovella Rd., Jacksonville, Fla. 32210

Hi, folks! We have a most interesting shower to chat about this time. Her name: Susan E. Watts... She is one of the 'older' kids you could say as she is 27 years old (same age as your editor!). She's a Libra born on Sept. 25th. She began showing in '69 & always loved horses, live & models both. Her stable name is TOP FLIGHT FARMS, with an Arabian division called LEGENDARY ARABIANS. At this time she sports over 230 models on groaning shelves. Her favorite manufacturers are Breyer & H-R. She enjoys repainting models & is a crack at them. Among her favorites are Ben Roud (Arab), Witchcraft (Arab), Anakonda (TB) & Cody's Warhack-(App). In addition to her love of models she loves to ride when able & wms a top TB gelding named Belmont's Halo. Sue also likes to sew, read, knit & is now into ceramics. In case you are wondering, Sue stays BUSY! Her home is also home to several pets as well as the Exclusively for Breyers club. I thank you, Sue, for writing! Happy Holidays -- get well SOON! (Ed. She's been out of sorts for some time now, and if she doesn't get better, I'll have to go up & spank her, cackle....mean ole Editor, yeh, hee hee..... TO EVERYONE IN MASJ LAND, I'D like to wish you a HAPPY NEW YEAR!! Don't eat too much candy!! It's fattening as well as expensive. .. Now I'd like to introduce a new newsletter, the Model Foal Shower's Newsletter, MFSN. It's for everyone who owns a foal & the most of us do. If you don't already, get one; Cost is 15¢ for the first issue & 20¢ for each thereafter. The 1st is written by me & I'm holding the show, raffle & anything else in the 1st issue. It contains columns, ads, shows, show results, foal of the mo. & much more. Price includes postage. All extra goes into MFSN's kitty. Since this is my 1st try at this sort of thing, there are a few cor rections to make. First this is Jan.'s issue, not Feb.'s as the title says. Therefore all stuff listed is for Feb. & will take place then thenever listed. Second, the Brey. foal is bought & is the Palo. grazing foal. To clear the price of my ad we only need 30 people to buy the issue, and there are 500+ people out there in MHSJ land! I have almost 60 copies ready to be sent out, so please buy? Another correction: Feb.'s deadline for ads, etc. is pushed to 20th to give everyone a chance to participate in our 2nd copy. It's only 15¢, comments appreciated. To: Robin Lucas, P.O.     HAPPY NEW YEAR!! hi! Here I am again w/2 folks to tell their stories,
  Edith Powell & Peg Rowan: First, Edith. "I ride Western & wanted a west.
  type name for my stables. One afternoon I was watching tv & a commercial
  came on for a 'shoot 'em up' type cowboy/bank robber movie. I was watch-
  ing the robbers get away on the 'getaway' horses so I just sort of latch-
  ed onto that name until I thought of something better." Don't you dare!
  I LOVE that name, The Getaway Stables! Now here's Peg & her story..
  "SINTEZ STABLES owns over 150 model horses & shows about 75 of them. Af-
  ter trying a number of names like Rotor (Rowan & Turner ?), Hmm, Arabs are #1 on our list, so we chose our top models *Singy (Sin-Gee) & Witez
  II, & came up w/Sintez: We use the syllable 'sin' in alot of our models'
 names, Sinjah, Sinbahd, Sintaza, etc... And thanky for writing! Bye!

Hi! Here's a quickie from Barb Call left from last time: "I have 2 Palominos, one of which is SUN DIAL, the Fam. Arab stal. although I consider it a mare. Her winnings include a 5th in Palo. Another Palo. here is PALEFACE DYNIMITE, the Arab Fam. stal. again but in the old glazed kind of finish & a gelding. He has so far a 1st in Palo. & 9th in geldings!" Thanks, Barb, and we have room for another bit here: Karyn Collins has a lovely Palo. by name of B.W.'S ARIEL, a Morab (Arab/Morgan). He is the Brey. Fam. stal. & is an all-around performance horse. He excells in trail & Western pleas., having earned a Top 5 in both. He is one of the Birch Wood Stables' top stallions for showing. Thanks, Karyn!..Please I have tons of articles left (Ed.The drawer is fulla them!) so hold off on writing. T ank you! (Ed.again: If the column writer has a ton of articles on hold here, their name/address will not appear on the column. It is either that, or they didn't put their address on the article when sent in! I've got close to 200+ addies learned, but a few still elude me.)

HANDY HINTS Celeste Richter, 21 Rolling Hill Dr., Morristown, N.J.

Do you have a hard time bending wire for stirrups, bit rings, hooks, etc.? I have anca-nswer! You know the wire covered w/paper twistties on alligator bags, etc.? Just strip the paper off with your fingers & you have an easily bent piece of wire that also is no problem to cut!..Ano-ther tip from out of the Sept. Tack Corner is the wire that holds together spiral notebooks. It salready round & can be cut for snaffle rings & small stirrups. If it's too big, simply cut it down a bit & push the ends together...Need a top jump for little effort? Take a look at the confirm jump to the side here. Stick 4 thin sticks into the dirt or

jump to the side here. Stick 4 thin sticks into the dirt or adgrass close enough together to allow only a thin stick to slip between them & far enough aprt from one pair to the other for a model to go over. You can go high or low with the sticks & make many assorted jumps from them. Also you can cut one side off a milk carton (paper) & tape together to form a triangular 'chicken coop' jump. Cover in paper, paint & set on the ground in front of your model. Use the l quart size for best results.

ED.The offer still stands for me to pick up what Bes. I can for folks who do not live near places that sell them. Note too, they are going UP in price as of Jan. 1st, some say as much as 10%, ouch...pain, agony...

Breyer Club points from Jan. 1974-Nov. 1st, 1974 = 602. Plus he has 3 halter and 1 stal. Championship awards besides his National Titles.

JEDDAK comes by his abilities honestly. I'm sure all Arabian fans are familiar w/the late *Morafic, annimported Nazeer son who was 1 of the most famous real Arabians of our times & whose blood is destined to make a lasting influence in the breed. His dam, Rebel's Desert Doll, is sired by the beautiful *Naborr son *Gwalior & is out of Bint Sahara, dam of such famous real Arabiansas Fadjur. Desert Doll was the National MARA 1974 Champ in PRODUCE OF DAM, represented by 5 of her 6 produce (the 3, Jeddak, Rebel's Madarra+ & Rebel's Encanta+, are MARA LEGION OF MERIT

holders). To live up to the family tradition, one of deddak's 2 get shown at the Nationals was a TOP TEN FOAL (Rebel's Thuvia).

We are pleased to offer REBEL JEDDAK at stud to outside mares for 1975. His oldest foals from outside mares will be 2 yr. olds. He stands for 25¢ & SASE 9req.for breeder's certif return). If model is not a standard Breyer or H-R mold, a photo MUST be submitted for approval. We prefer pix of all rep./rem. foals for approval also. Information required:name of proposed get, full description of same, age, sex, owner's name, dam's name, age, description, owner's name. He has not been used very heavily as a stud in the past couple of years but his get will be in the show ring in 175, probably quite a few of them. He will begin showing in EP, Park, harness, costume in 1975 & will be showing towards his Award of Supreme Ability in MARA. If you are looking for a stallion who is on his way to the top to sire your next Arabian, I don't think you could wrong w/him! (Another note which may be of interest for those of you who are not familiar w/Edgar Rice Burroughs! famous 'Martian' series of novels, 'Jeddak' means 'emperor'. And if we may quote the comment our amigo Nancy Strowger after the first time she judged him, 'His name certainly fits. He is every inch an emperor.)

We would also like to announce w/mixed emotions, that our Foundation Arabian stallion, REBEL'S LUCERO+, was retired after the 1974 MARA Nationals, in which he was the 1st in the TOP TEN in Get of Sire & Park.

LUCERO has passed his 12th birthday & is being used extensively in our breeding program & as a family horse, so we regretfully decided to withdraw our faithful old campaigner from the show circuit. He achieved all goals set for him: 2 Grands & Legion of Merit, and we feel he desevres a rest. He'll be amply represented through his get at the shows & will appear w/them in some get classes. He still stands for the incredibly low fee of 10¢ (gelding offspring half price), & if anyone is interested in good foundation blood, write for more info on him. Our Egyptian import, *REBEL'S SULTAN-el-SAHRA, will not be standing in 1975 to outside mares, however, one or more of his sons will be introduced at public stud later on. We have made many new friends through the M.H.S.J. and we'd like to thank Linda for giving us the opportunity to do so. We hope to meet many more of you this coming year & hope some will be interested in breeding to our stallions-they are good ones! Write to us at The Rebel Stables, Ava Maureen Durbin, R.R.l. JUDY HIGHJINX: bl/wh. Pinto Shetland mare, #H1373A.

DICK GREEN MVP: bay Q.H. gelding, #1182 Horse. ONYX DELIGHT 162: blk. standing Hackney stallion, #H1361A.

He will be standing at stud along with Sunshine Pete. . Speaking of our "Pete", he has had his best year ever in the showring. I guess he's not getting older, just better... Now a multi-Grand Champion & National Top Ten, we have decided to slow him down a bit and let "Hero" carry on our name in the ring.

... We've made some great new friends this past year & hope that 1975 will bring many more - to all of you in Model Land, may the New Year bring much peace, hope and happiness ... And remember we've always got a few good horses for sale! And just a note, Jay Bee's Daisy, my temperamental but lovely (though just to me) half-Arab mare is definitely in foal to Ar-Pharazon, a purebred Arabian stallion -- Yippee!! Seeya...

MODEL FOR SALE: Prices include postage, add 20¢ for insurance. Please send SASE w/inquiries & ask about our fine tack! What a better way to start the New Year than by buying a model! Karen Pate, 17 W. Edgemont,

Hi! Sorry I missed the Dec. issue but I was in Calif. Now I'm back w/ some more Paint Notes. First we hear from Linda Johns (Jensen) who has I Paint at present. He's a 5 yr. old br. overo stal., FLYING FLASH (Flying Kite-a CH x Madame Flash-Paint). He has been in 4 shows & has already won 2 Championships in West. Perf.! Thanks, Linda! He really does sound great. Karla Krodel owns REBELLIOUS, a 2 yr. old bl/wh. Shetland dtal. who is at his first show now. Karla hopes he'll do well. Remember now, a 'Paint' is any model of TB, Paint or CH breeding & those crosses only. Until next time, keep showing those great Paints! (Ed. How about this saying, All Paints are Pintos, but not all Pintos are Paints!? So any model with the above breeding is a Paint & all others, like ponies, A abians, Saddlers, Walkers, mixed, Mor. Spot. Horses, etc. are Pintos.) (Hope to use the info sent me by Mrs. Lancaster soon in a slim (?) issue telling about Pintos. Thanks for your trouble, Margie!

Hi, folks: This month we have an interesting write-up from Gayle Goodling. SMAROCK SENSATION is a beautiful 11 yr. Amer. Sad., dap. grey w/black points. This horse started his show career some time ago & at that time had 1st, 2nd-2, 3rd-3, 4th-4, 5th, 6th, 7th, 8th, 9th-2, 10th, HM-2. Pretty good for a short time showing? He was repainted by Ruth Austin I think. Well, signing off for this month! I need articles!

F.L.Q.: "Hey! If I put this gorgeous china Arab model in all her beaded cos ume finery on the beach, it'll be a great pic. PERFECT! (big wave washes up) AARGH! Come back with my model!" AP (ed.Don't make waves?)

HAPPY NEW YEAR! Hope you found your stockings full of Arab horse models this time. With the start of the new yre, hopefully our column will be bigger & better, but please follow these guidelines? Fourth when you send in tell me your horse's name, make, sex, date foaled, color, perhaps s/d, & show record if you like. I know this
