## The Model Horse Shower's Journal

ANGLO-ARABIANS

Hi again! Yes, I'm back! With Barb Call & Lois L. Hanson, too. Here's Barb: "When I got my run. red roan stal., I had quite a problem naming him. So I took a good look at his color & suddenly it remined me of sand. It also reminded me of the stars & then I had it. You know the run. stal. looks like he's going so fast? Well, so does a comet! Hence my stal. is proudly called SANDY COMET!" Thanks, Barb, especially for the change of pace column -- a horse's name instead of a stable's.

This time we have Lynn Erny & her beautiful & gret Breyers. First JOKTAR is a 3 yr. eld blk./wh. leopard stal. He's shown only lightly but in his lst show, which was the IMRPHA Hal. Champs, he won a Res. Ch. Stal. award! His breeding is Joker's Wild (by Joker B) & out of Tar Baby (Bold Ruler-TB x Chancing-QH). He will start racing soon & is now shown in hal., costume & maybe Western soon. Thanks for writing in, Lynn! He sounds like a beauty, and I hope he continues to do well for you. Until next menth, Happy Breyers to All!

Hi people! This will be short as it's the night before school & I'm under the hair drier. We will hear about another of Sue Watts' great A-Als. ROYAL SABLE is the Brey. PA mare rep. a levely dun w/blk. m/t. She was under the

( % ) ( %

Beth Stein, 2725 Oakhurst Ave., Los Angeles, Calif, 90034

tree last Christmas & hasn't been shown much, but she did enter the 1973 NABSC Champs & came heme w/Champ Mare, Best in Halter, Top Ten u/showmanship, WP, harness & Champ EP. She has a levely dun colt, DUNSA-BLE who is fellowing ner hoofprints. This great mare was fealed in '67.

Thanks, Sue, because you really have some top A-A's. Happy showing them!

ED. Note: The professionally-printed ads are disc. due to time, costs & photo-problems. I know you're tired of seeing the same old pix ever & over again, but until
I locate some soul kindly enough to do us "screens", we must hang on & re-use them.

In other words, ads are \$1.50 each whether partial or full page. I reserve the right to edit copy due to suplly shortages/space needs. Small ads (want or for sale) are 5¢ per 20 words (limit 100 words). Stable ads do NOT come under this type of ad, neither do registry ads. ED. NOTES: Howdy, time for me to tattle & Rattle a bit. First, I want to say that I enjoyed "hearing" from the live show folks out in Hayward, Ca. So to Jan Snyder, Korna Krkich, Tami Beall, Trish Yanko, Dee Dee Boomm, Katie Arbuckle, Kathleen Murphy & Nancy...ENJOYED IT! Wish it could have been longer...Now for an answer as to "why" the Shower's Directory did start in this issue as planned. First of all, several folks are in the tedious process of moving at this time, and rather than mess up people w/ their current addresses, thought it best to wait. Secondly, it would have to be strung out into several issues, and it is not fair to ask you all to buy an issue monthly to get the complete list ... This will give in the third place, people more chances to re-subscribe for a longer list. . And finally, after many discussions, I do not know the legality of it. In other words, what if someone got the list who did not want their name/address run? Sure, they have had time to write and say "no", but there is always the chance they missed the notices. And I refuse also to give out the list to a company that might use it to sell stuck you don't want (I dislike selling of names/addresses). So, this is what it boils down to, I will run a list, complete, in January. IF you want your name, address, stable name, phone number on it, please send it in TODAY. From the people who write in giving me this info, the list will be made up, but ONLY IF YOU WRITE IN & TELL ME WHAT YOU WISH WILL I RUN YOUR NAME, ETC. That way I am released from responsibilities, and you can have a list too. I hope you will write in, and thanks forreading! Sorry to cause probs...LW

She's shown as a Welsh Pony mare & does very well: 1st-9, 2nd-6, 3rd-4, 3 Res. Champs...DEDAR
PARK SANDPIPER (Stanlights Falcon-a real Welsh stal. owned by Sherry Cook

points & blk. hair m/t, making him a golden dun. He is one of her favorites & is shown as a Welsh Pony stal. He has many won many Champs plus 1st-20, 2nd-13, 3rd-12, etc. He's versatile, showing in WP, EP, saddleseat, huntseat, harness & halter. Soon he'll debut in Trail & perhaps costume. That was great, terrific & fabulous & we'll finish her article in Dec. Now for a surprise! A little info on Leftons for a few of those UFO's that might be Leftion, plus info for the curious about them. Leftons are from Japan & cost from \$1.29 on up to \$5 or more. They range in size from a few inches to 8" tall & maybe more. They come in all colors & some are very old (Ed. I've a set from 1956!). They're usually pretty good examples of the breeds they are supposed to represent & a few include: Arabians, TWH's, Palo., Sad., TB, Pintos, etc. I hope this helps Lefton fans out! Hello again all you antique model horselovers! Wasn't Linda's article on the shop with that huge herd of these beauties fantastic? I really enjoyed it & wish I could have afforded a few (Ed.Me, too!) Would loved to have

seen it! This month we hear from Venonica Hernandez on one of her lovelies! "I'm very familiar with the world of the real TB racing, & the model featured in the July issue has the name of a real TB & racetrack in N.Y., Saratoga. Saratoga is a real old track, older than Churchill Downs, so that model COULD go back to the 1800's, and it could be worth alot of money! I don't think important in racing saymone, but it still(is to youngsfers of

it's important in racing anymore, but it still is to youngsters of jockeys, trainers, owners & employees of the track, grooms, etc... Thave a 100+ china model that goes back to the 1st Kentucky Derby in 1875. He has won 5 blues in antique shows (I think that's marvelous, don't you agree?-CR). I sold him for \$500 to a friend who is a jockey in Canada, and she LOVES him."

We at BHR would like to inform the showers & breeders we are MoVING!! After the 1st of Dec.; our new address will be McBroom St., Shadow Hills, Calif. 91040. If you cannot remember the new address, we will still own the ranch on Wornom & I'll still get the mail. The new BHR is a great tw-story house (not common in Shadow Hills) that is still in the heart of "Horse Country". Although this move is just over a hill from the old place, everything is new to the surroundings. It is moved from another location w/ample room for guests. After the new year a new barn is going up so Sargent Spec & Carbon Copy Blaze have new quarters. Also this will be the first move for all my models! If you live in the Southern California area, come visit \*Bask & all the others. I love visitors & you could go swimming (before summer there will be a pool), riding, flying, fishing or practically anything!

Still standing are...

\*BASK: still going strong is this beautiful semi-gloss bay Proud Arabian stalliom. He is standing to outside mares at 25¢. A multi-Grand Champion! Now . \*Bask is being offered as a syndication. Shares for 1 year are \$1 each for 1974. This will entitle the holder to 5 breedings per year to him. The holder(s) will also have priority the following year to obtain shares. A limited number of shares will be issued this next year. Syndication & breedings may be pruchased now. You may use any number of breedings at any time, but the shares are goodonly for the year of 1975. You can also use them during '74, but you will have only those issued to use, no more breedings unless you pay the outside rate. Why syndicate? This way with you as holder will be able to determine the fees of outside mares, & still be guaranteed the 5 breedings per year. These shares can be traded or sold to others. This is the FIRST stallion to be syndicated, so get your share today. They may go up next year. Please send for your Calarabia all Arabian stud/dam pamphlet. Enclose 10¢ & stamp for return. Karen Clemens, address above -- note!

ED. NOTE: Karen gave no new number for the new location, but as soon as I know it, will place it in the MHSJ, perhaps on a later page in this ish. Moving?? Let me know at least 4 weeks in advance!! Please help out!!

Buy/bid Cindy Fiszer, Miller Ave., Southampton, Ma. 01073 THE WILY MODEL HORSE This is supposed to be about how much trouble you have in finding models, the unlikely places they turn up & just about any adventures you have finding them. For instance I thought I'd never lay eyes on a Hart. or JO, but soon after I began showing, they popped up! My amt thought of me while at a sale & picked up a nice JO for \$2. Then some friends presented me w/a small Hart. w/broken tail so old they forgot where they got it! Our Cacklin! Editor tells the most obscure model she ever saw was in London. She was on the top deck of a double decker bus & looking down into a small shop's window saw the Breyer Pal omino glossy Family Arabians! They were the ONLY BReyers she saw on her whole trip there! Very interesting! Now, where did you locate that old gem? Tell us -- see ya later!

PINE ISLAND STABLES wishes to announce the GRAND OPENING of their New Division--- LARIAT SPRINGS---QH's, App, Paint

rirst of all I'd like to inform you that our stable name was changed to PINE ISLAND from THORNWOOD due to the number of present stable names ending in "wood". Now on to the horses at LARIAT SPRINGS!!!!

Ladies go fist, so I'll start with POCO JUBILEE, a pretty little QH mare (Poco Gold x Silver Jamboree). With limited showing the little gal won at open shows: 5th, 9th. She is a Brey. liver chest. Yrlg. used as a 5 troold. She's open for foals of '74 & '73 for 5¢ & 10¢ stamp... SPATTERDASH is the result of selective breeding, being out of Pondicom & by Fabulous. She has proven berself in perf., winning 3td & 10th. She's a Brey's sandy bay App Yrlg. used as a 5 yr. old & is open to a foal of '73-'74, 5¢ &10¢ stamp. SEASMOKE GYPSY is the most sophisticated mare here. Used mainly as a broodmare, her record stands at 2nd, 4th, 5th. She produces fine foals, such as Splash BardMaid & Cody's Comet. Both are owned by Heidi Heinlein & as a matter of fact, Heidi gave her to me! She's a wonderful person & I'd like to thank her here for Gypsy & In The Clouds, an Arab geld. and also for being my friend. My love to you! Gypsy is a rep. Brey. QH geld. by R. Austin as a smokey grulla. She's 5 & open for a '75 foal at 5¢ & 10¢ stamp. (Greek Fint x Matador) Pedigree is something to see ... SANNUP is Gypsy's '74 foal & his name means 'Warrior' & he is one! He was my 1st rep. hair job & he earned his name by surviving the job. His sire is Heidis great Rey De; San Riva. Watch for him in Foal classes! He is the new Brey. QH foal rep. smashing buckskin w/real blk. mane/tail...IN FOIL is a new Brey. App Perf. Horse, a 5 yr. geld., who has really proved his value by placing 2nd to Winds of Bar J owned by C.Rogers. A real knock-out I ear! His record from 2 shows is 1st, 2nd, 3rd, 4th & 10th-2. He's really earning his oats & will continue. (Spoten Gotem x Cody's Talequah)... FROST is a beautiful 5 yr. QH Geld., dk. Palo. JO w/terrific shading.He is shown at halter&in his first show he brought home 3rd & 5th. Starts in WP soon! (Golden Warrior x Teja's Honey West). Last but not least we've a newcomer, INDIAN PAINTBRUSH, Brey, Yel. Mount used as a 5 yr. geld. I plan a big Trail career for him as he's a winner. He's by multi-Champ Hustler McCue & out of a real QH mare named Scarlett Cody ...

Hope you enjoyed this rundown of the horses at Lariat Springs! Although this is a Western division, the horses will not be restricted to showing under western tack. They do & will have experience w/Eng. classes, including jumping & Dressage. Some will race. See you at shows! Cindy Fiszer,

Conformation comes BEFORE photography! I never count the photo for or against a horse when judging. Yes, there are MANY horses w/35mm pix that are great, but judges, PLEASE look at the HORSE; Also many judges favor repaints, even if the conformation is bad. Why?" SG (ED. ## JETPLANE ROADRUNNERDOA

(Jo's Man O'War x Yo Chica 182)
Come & get Him, Folks!! He's a chestnut Thoroughbred
stallion foaled in 1966. He has only been showing &
racing limitedly for about a year, but he has racked
up the following:

Grand Champ--2
Champ Horse--1 Res. Champ Stal.--1 Ch. Stal.--1
lst=14, 2nd=8, 3rd=6, 4th=3, 5th=1 plus 8
lower placings to date.

He is a very handsome horse & his only marking is a white diamond on his forehead. He is a rather high-strung & soirited stallion, but he is easy to handle. He's a 17 hand high fellow & when you want him to move out, watch out! He has very good conformation & has won more than \$900,000 in purses. His fee is only log per foal. But when he really starts winning, his fee goes up! Breed to him now! Any preeds or grades may breed to him. Send SASE for Breeder's Certificate & foal/dam's names, colors & markings, who owns them & their ages. Contact:

Edith has been successfully rep. her own models for some time now, and
she has made a few observations. Away we go! REMOVING PAINT: Do NOT use
gasoline! It takes the skin off--yours! Good paint remover is ginger nail
polish remover. It removes enamel & oil paints (Breyer paint, too). Acryl-
it paints can be taken off with denatured alcohol (water mixed with it):
You must wear gloves to keep paint from getting on your fingers & hands,
especially daker colors...PAINTING CERAMIC'HORSES (Glazed fin.): First
give the model a THIN coat of enamel paint, using short strokes. Let it
be very thin, thin enough to see the orig. color. Let this dry completely & then paint as usual...PAINTBRUSH CLEANER/ENAMEL & OIL PAINT REMOVER: Tur
pinoid (substitute for turpentine) is odorless but requires good ventila-
tion. It cleans brushes real well, & it makes a good paint thinner for
oil paints. Oils usually take from 3-4 days to dry & acrylics about 15
minutes (when painting) & enamels 2-3 minutes... All of these hints have
been tried, but until you've practiced, you might try it out first'on a model you care little for, hear? Next time, mixing enamels. Thanks, Edith.

slows your issue and takes my time to look 'em up. Thanky!

Greetings from the stampin grounds of the ole Cackler. I am trying to catch up still on all the past goodies, so I ask you to hang in there if your GRRIPE or OPINION has not yet appeared. It will, eventually. And away we go this time.

Concerning a Mini-Gripe in the Sept. MHSM: "I don't know who said there aren't any purebred Arabs that are palomino or buckskin, but they are dead wrong! There are many beautiful palo. Arabs...As for buckskins, if the person had done their homework into colors, skin tones, they would find that Arabians have black skin, which is also characteristic of buckskins. I don't think there are many Arabians that are buckskin, but I have seen a few. I have also seen many purebred Arab Pintos, which I have been told is impossible. There are always rules made as to coloring in a certain breed, but these do not always hold true to form as in the case with mutations. I have been told there is no such thing as a buckskin Saddlebred, yet I own one & she is dual-regis. in both registries! ... insisted on her color being regis. as sandy brown so perhaps this is where the confusion comes in. If the writer requires further proof of this, tell him/her to write me & I will send her several ads from Arabian Horse World that should help in making another believer. I have been raising Arabs & many other breeds for several years & have learned never to say 'never' when it comes to coloring! Anything is possible." DD (ED.According to the breed registry, apparent-ly these are the legitimate colors ONLY: bay, black, chest., grey. White is normally assoc. w/older horses. One never sees duns, piebalds or palominos, but chestnutespeckling is fairly common on older grey horses & is referred to as 'flea-bitten'". For myself, & the MHSJ, Palo., Pinto, dun/ buck. & "parti-colored" as well as roan Arabians are allowable. They DO exist, so why should they be ostracized from the others? Think about it. \*\*\*\*\*\*\*\*

"Show fees & ribbons! The former are always going up & the quality of the latter is going down. When I pay to enter a show, I usually also pay 80 ¢ to \$I on postage! plus a 50¢ & over fee (though I hardly ever enter those). Then when I come home with a scrap of paper saying 1st, 2nd, 3rd crudely written on it, grrr. In my shows I manage to make GOOD ribbons up to 6th with a 25¢ fee! Also a 50¢ fee with ribbons homemade only to 3rd & only 20 classes is stupid!" Name Witheld; Please. (ED. This creeps into the Gripe column more than anything else, and I tend to agree with the shower who complains. Have gotten myself a few of those weird ribbons. If you cannot give fancy ribbons, then at least make sure the horse's name, the class name/number, placing & no. in class is on it somewhere. If you can not get the correct placing colors (1st=blue, 2nd=red, 3rd=yel., 4th=wh., 5th=pink, 6th=green), then use others but be SURE the class placing is on that ribbon. There's nothing so maddening to a shower than to get un-marked with, esp. poor quality ones at that. Think to yourself, 'would I be satisfied to receive THIS ribbon from a show myself?')

"I think there must be a new registry every 5th page of the MHSJ. If we support only 8-10 of them, then these registries will grow, but for every one to enter a couple of shows, own 6 models & then start a registry? We will spread ourselves so thin that no one will have a good club. If you don't like a particular rule in a club, say so, run for office but don't just start up a new club/registry. Remember, United We Stand, Divided We Fall. Think about it. Signed, An Experienced Shower" (ED.She has a very good point. Before starting off on your club, see what you can offer another one by services, typing, etc. If your club overlaps another, see about combining. I've seen too many start up, try to be good, and then fizzle out. If you do begin one, think first of the costs, the time it consumes, postage, to have a bulletin or not, a printer, files for the records, booklets on the club, rules, etc. A lot, eh? YES! And too many times the registrant/owner loses interest. Not ALL do, but some...Think!)

THANKSGIVING comes in November, and we

at KAM KOALICJA ARABIAN STUD & GINGER BLUE PINTO FARM have much to be thankful for. We have found new friends and kept old ones. We have added several new horses and would like to thank Tamiko Thiel for K.N. To Mr. Burr Betts I say thanks for allowing me to use the name Witezar's Legacy, after the passing last year of hisbeloved Wite-zar, And to Linda Walter for just being there to talk with...But most of all to the Good Lord who made it all possible. Have a good day and be

Miss Kay McCue, 1105 Catalpa Dr., Middletown, Ohio 45042 (513-422-5004). NOTES OF INTEREST: The Rangerbred Horse registry is a live and well & living in Maryland; The Colo. Ranger Horse Assn., Inc., was kind enough to post me additional info on this line of spotted horses. And surprise; Colorais NOT a requirement for registration. However the horse must trace authentically in unbroken descent from either of the 2 Foundation Sires Patches #1 or Max #2. Outcrosses are acceptable but must be from approved & regis. parent(s). Like the Appaloosa, draft/pony blood in ineligible. I was interested to learn their ancestors were an Arabian, a Barb & native Mustang types. When the ranger has color, it is described the same as in Appaloosas, such as raindrop, snow-flaked, blanket-hipped, etc. The 1970 High Point Perf. Horse at the 23rd Natl. App Show was Mighty High, a duoregis. Colo. Rangerbred-Appaloosa mare. She went on to become World's Champion App Perf. Horse. So a spotted horse by any other name, just might be a Rangerbred. Long live those spots! \*+\*+\*+\*+\*+\*+\*+\*+\*+\*+\*+\*+\*+\*+ 21st--Linda Cannarsa, 34 Renwick Ave., Huntington, New York 11743

INFORMATION, PLEASE... Jan Snyder, 7611 So. Parkway, Sacramento, Ca. 95023

Hi, folks! I hear many of you are wondering how to count up points from shows you enter. First off the reason to count points is if you belong to a model club that gives certain awards for the accumulation of points the model wins during the year. If you don't belong to any model clubs of registries, you needn't worry about counting showing points. If you do, write the registry & obtain their point scale. It should run something like this: 1st=10 pts., 2nd=9 pts., etc. Most every registry has a different designation of points for the different placing your model wins. When your models return from a show, count up the number of points won from the placings it received. Write his/her total number down in a notebook for points under the showname where they were won. In this book you can keep a record of the total number of points won during the showing year. Your registry will have its own rules on what to do with your points once they are added, so follow their information carefully ... And an ending shortie here: All Hartland models are discontinued. The Hart. Co. is no longer in business. The co. sold all its molds to the Strombecker Circle H Co. & they continued these models in different colors, but I hear these reproductions have also been disc. Patty Gray has a gorgeous Paint called SAN SABRE, & was some by Linda Goodman. He lacks a sire, but his sam is the famous Casandra. They make a lovely pair & will be shown together. Next we have Liz Schutte & Hobo's IMAGE, the disc. Brey. App feal. His sire/sam are Blue Cheese & Repridawn, and thay passed on their color & spots to him. He is too frisky she says to go into the showring! More training, nopefully, will help! Good luck with him, Liz! Thanks to all whe've written in! Bye! HANDY NOTE..."If ya look in second-hand, cheap Salvation Army & discount stores, semetimes you can find the disc. Breyers & other plastics. Recently I hought the App/Arab stal. & saw the glossy fin. white run. stal., glossy Pale. 5-Gaiter & ethers but they needed a good repainting job...Garage sales & rummage sales are great places to find models too!" A So. Calif. Shower ED. NOTE Here we are again, at the end of an issue. Peoples, please send a SASE w/ all letters requiring an answer, or they will NOT be replied to. Hate to be cross & cranky in my old age (just turned another birthday over, sigh), but stamps costs or other transfer of the shows a happy model habing. #OH models top of page—H-R Saddlebred.
