 # QUARTER HORSE CHATTER .. Linda Schneider, 2604 Ivy Place, Tolddo, Ohio 43613.

Here I am again w/still more of those great QH's! This month we go 1st to Jeanne McCullough & her EL GATO (the cat) who's the only buckskin QH at Mesquite Acres. He's 10 & has never been shown. Next is SPOILER, a very dk. bay stal., also 10 & unshown... GOLDDIGGER is a Palo. stal. & is the sire of a pair of palo. twins. She also has another set of twins by Mustanger out of Star Crossed. STAR CROSSED has been shown in trail but as yet is unplaced. Her dam is silver Bar Lady who's also the dam of palo. twins by Golddigger! Jeanne hopes to get more QH's later & I certainly hope she does... Now on to Barb Johnson of Blue Spruce Farms. She recently received the Breyer Yellow Moubt who now goes under the name of CHEYENNE. He's 13 & she has hopes of him becoming a successful stallion. Don't we all! She also has YANKEE REBEL, a 3 yr. old bick. geld. Neither had been shown

at write-in time but she had pix developing & hopes both do well in shows... Finally, here's a quickie from Kathy Winget. Her favorite is FOGGY, a grey Breyer West. Prancer which was her second model & she really loves him. According to her, he does well in the showing & on the 1/4 mile tracks, too, & has a Grand Championship to his credit... Thanks to all, I have a nice backlog of articles, so don't get disappointed if you don't see yours in the column right away. Be patient & I'll get it in sooner or later. And don't stop writing! Love hearing from all of you. See you next month! QH's ON! (Yes. a QH can be a plomino & a buckskin, bay, grey, sorrel/chest., brown & black, etc., but an App-spotted one has to be an Appaloosa some say.)

DUE to the HUGE backlog of NA's, I'll simply list them by owner. Sorry to have to do it this way, but it's the only way I can catch up. . . . KAREN GOODNER: unnamed Brey, West. Prancer in old style alab., H-R Terrang, named NIGHT ARREST, & 4 Harts, including a ropprem bay Sad. stal. from the 9" 8678 series & an old App fam. in grey. . . MICHELLE EVANS: FRANCIS (Brey. disc. balking mule), BEYORE (Brey. disc gr Donkey), SEYMOUR (Brit. Ltd. donkey) & a grey unnamed mini H-R donkey. A few new foals are BONFIRE (Brey fam foal rep red chest w/wh socks Arab), ROSEDROPS (Brey Clas Arab rep tri-color App/POA filly), RIFAGE (Bes. dap gr Arab), CALICO (Lefton bl/wh Pinto), NARUSHA (Lefton br. TB prancing), NANSHALLAH (Left. lt bay TB filly), plus other NA's: Bes. Palo. foal/dam, Left. alab. Arab foal, Left. Palo. colt & bay Morgan filly, 3 Brey. Clas. Arab foals & 3 repainted as well, a Brey. ruh. mare rep. flecked grey w/hair m/t (INDIANMAGIC). . . RANDY FEUERSTAIN has a flashy-looking colt named DOMINO PRINCE, a Brey. Clas. Arab foal rep. b/w App. . . PATTY GREY added all the new Brenaker adult Stablemates: ABDEL MONEM (bay A ab stal.); POCO A POCO (Arab-now bay QH mare), COUNTRY COMFORT (bay Sad. stal.), JUBILANCE (Arab alab. Lipizzan stal. now) & ISABEL ROSE (blk. TB mare). BIG WILLY is the Brenaker Kelso & Silky Sullican & Terrang Brenakers become rep. Pinto & app respectively soon. *JOHNNIE WALKER RED is a red bay Japan china Welsh Pony stal. w/terrific conform. Patty found the last 2 in a flea market: JR. EXECUTIVE (glos. chest. old Brey. Racehorse that cost her \$1!) & an old matt grey china pony now a repainted roan grey. . . SUE BERGVALL is the proud owner of OCEAN BORN MARY (unknown ceramic Shire foal w/flowers in her mane), IRISH SMILE (Brey. QH Yrlg. shown as a 5 yr. mare), CHARLIE HORSE (Brey. Paso Fino), STARFIRE N' SPOTS (Brey. App scratch. foal), STARFIRE GLYMMER (rep. blue roan QH stal.), BLACK VELVET STARFIRE (blk. QH Yrlg.) & STARFIRE JOE (blk. loop. rep. App) . . . Sue's sister now owns SWEET MAGIC (wh. Shire filly w/pink flowers in her mane) & MORNING MIST (gr. Japan china Arab mare) . . . NEWSNOTES: The Breyer Lipizzan must be at least 4 yrs. old because they are born black/brown & lighten w/age from 4-10 yrs. old. Also, anyone else note the ears are wrong on the Lipizzan? A horse's cartips point out when the ears are back! not in! . . . Need an inexpensive little trophy you can make yourself? Cut a stiff piece of cardboard out or a thin strip of wood, glue a new Brenaker Stabelmate to it, spray paint gold or silver & you've got yourself an interesting & different trophy to give! It's a bit cheaper than most trophies one finds in stores & is all horsey!

 FLOCKED HORSES Ruth P. Diercks, 421 Main St., Bristow, Iowa 50611

How long does it take to flock a model? It depends on who's flocking it, the process used & how many colors the model is going to have on it when finished. One person informs me it takes her 36 hours! (See June 1975 MHSJ, Information Please, by J. Snyder for fuller description of this method). In air-pressure application, using a bay spot as an example, under ideal conditions, it'd take a minimum of at least 4 days to process, if you dropped everything & flocked just that horse. But there are literally thousands of horses going through if you are running a commercial operation & a large variety of colors as well. When the blk. goes on the model, it also goes on all the rest of the models presently up for that color, which means that this can take a couple of days before the color is changed in the box for the next set. If he isn't just the right color for the bay, then he waits until that color comes up, & then he waits for the white to come back around for markings. Add to it unforeseen pauses, such as high humidity making flocking impossible, & the delay will be even more. Then if you picked a not-too-popular color, it sits until the accumulation is enough to warrant a use of the color. There is a limit to human endurance, too, & so only so many hours can be spent in such an operation...Electrostatic flocking has no 2-toned effects or markings, unless they are spray-painted on afterwards. It's a 1 day process & done an assembly line, without leaving the hooves or eyes unflocked. They can't take time to give variety in models. I hope this helps you understand more about the process! THINK FLOCKED until later!

 vet bills..received for trying to save them, but the thought of it makes

LOOK!! R*A*M*E*S*E*S is UP FOR STUD!! Windswept, Box
266, Big Rock, IL
60511.

RAMESES is a purebred Arabian stallion of the Hagen-Renaker 'Silky Sullivan' mold (the real H-R, not Breyer-made). He's a very blood-red chestnut with golden highlights, red-chestnut hair mane/tail & 4 high white stockings/blaze. He has the blood of the H-R rare *Ferseyn & is out of the rare H-R mare *Sheba. He throws classic foals despite his modern appearance. Ram' is longer, leaner & possessing more endurance & height than the classic desert-bred Arab. His temperament is business-like and is hardened to all classes in muscle tone. No child's horse here, but his 2 foals to date are nose!

Ram' is open to all H-R Arab mold mares & no foal inspection is req. for the A.M.H.R. Members as this is the rule. All others with horses not in AMHR will be required to have H-R foals. He has all of this above & more--a special offer for his 1st open-to-the-public bookings. His fee is 10¢ & if the foal is an H-R, & we mean the china H-R's in bisque or real, you get 25¢ back w/certificate. If the name has RAMESES or anything pertaining to it or parts thereof, & it's an H-R, you get free fee & 25¢ back in the mail w/certif. Look for IBN RAMESES now at your shows, as well as RAMANCE, coming soon to the showring! Think ARABIANS!!

THE INTERVIEW Ed. Can use some articles! Since it's been awhile since I gabbed about myself (blush) & a few folks have been asking for info, here it is. I'm 27 yrs. old now, a Scorpio, and I dig the colors turquoise, silver & black. My model herd numbers right around the 400 mark, and I prefer the china/ceramic horses to plastics, namely H-R's & Beswicks. I like to travel & have been twice to England, once each to Scotland, W. Germany, Holland, France & Switzerland. I also collect model planes, photos of W.W.II aircraft, etc., and belong to several W.W.II organizations. I stand 5'7½" tall, and my hair is long & dark brown. I love all horses but am partial to the Arab & Appaloosa breeds, altho any horse is fine by me! At times I still do a few glass horses, plus work in other artistic forms, like clay, pen/ink, etc. See you all!

WAR EAGLE RANCH

Where the great buffalo herds once roamed the vast plains of Kansas and grazed on the sweet grasses. Where the Indians lived and died proud and free. Now here stands the site of the nicest (I feel) & complete Appaloosa facilities in the mid-west. The climate seems to suit the spotted horses well. Good-looking, strong colts and fillies are coming right and left. Write for our sire/dam brochure. Our head stallion right now is THE KAPEN CRUSADER who is in the winning way. He has finished training & is ready to start showing in western pleasure. He has 1 stud colt to be shown in halter & English classes. In his 1st show he won a 3rd in a class of 22 horses, right behind 2 other very well-known, famous & Champion Beswicks. I hope this colt follows his sire's hoofprints. All inquiries about the ranch are welcome (I confess, I love answering letters.). For our brochure, just write & enclose SASE (SASE req. on all inquiries). Try our horses for gentle dispositions & good conformation hard to beat. A few are for sale, good show & breeding prospects. War Eagle Ranch, Laury Nollenberg; 435 Parklane, Derby, Kan. 67037.

HANDY HINTS assorted people!

.....
Around here at times (Ala.) the afternoon (late) sunshine coming through the pollution (?) tends to make the sun redder than usual. Then is the time to take Palomino horse pictures, because the sun's rays really highlight the color... I've found a neat background for horse pix. Take 2 pieces of poster board and draw a scene on it, one being the ground & colored green, etc., and the other being the backdrop, with trees, fences, streams and such. If you take your time with the drawing, adding soft colors, you get an inexpensive & pleasant backdrop. If you prefer, plain poster board will look okay & not detract from the horse.' (credit DD)... Another tip along that line, go to a carpet store & see if they have little (2x3') rectangles or squares of left-over green carpet. What a great standing place they make for a model! It doesn't hide the hooves and is short enough to look like well-kept grass. Also the likelihood of the model falling over is lessened because the 'ground' is level & will cushion any minor falls. Many top showers use it, so happy photo taking! Ed.

 FOR THE LOVE OF HAGEN RENAKERS c/o Nancy Mongan, got enough now!

Hi! Did your summer go as fast as mine? This month I'm featuring 1 of H-R's many Arabs, this one owned by Karen Pate: 'I have a nice, old H-R, my oldest & my favorite. His name is NAJEER, and he is the B-649 Arab, chestnut w/white mane/tail/blaze. I show him as a gelding and he has many Championships.'..The B-649 standing Arabian was made in 1968-1969 in white & chestnut, and possibly a rare black. He was not part of a family set. There was another standing Arab prior to this one in identical pose, made in 1956 & 1957, carrying the #B-635. But he was more muscular and a bit taller in appearance. Its name was 'Abdullah' but I'm not sure the name was tagged on the B-649 model. Anyone having more information on this please write me (or the Ed.). Watch for Karen's NAJEER in your shows--he's a beauty! / FAMOUS LAST QUOTE: 'What a beautiful repaint job on this model! I'll just leave him here in the open window to dry..(BOOM! Thunder!..Raindrop Appaloosa, oh NO!!' It can happen to YOU--watch those open windows, folks. I learned it myself!

GRRRIPES!!! > C/o Linda Walter--please hold them awhile yet, got tons!!

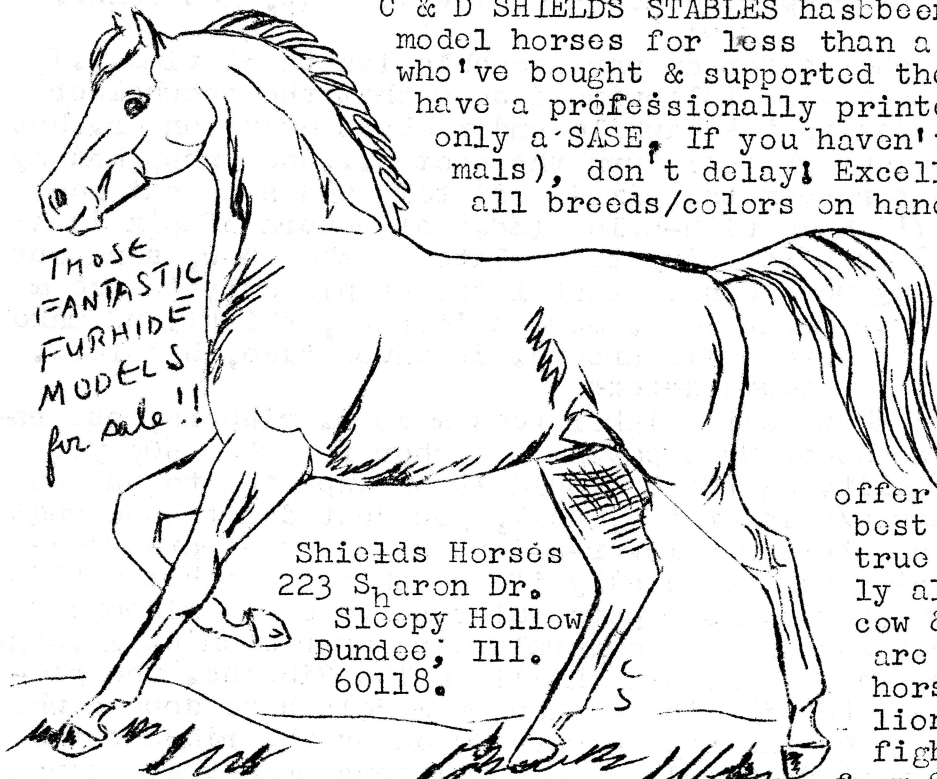

1. Showholders who hold photos for an unreasonable length of time... I think 2 weeks is the ultimate time following a show that the showholder should keep them. True, results take awhile and ribbons even longer.. but can't they be considerate enough to return the photos... One group had my pix for 1 1/2 months! Why not return the pix immediately and send out results later if necessary?' name withheld (Ed. Fast return of pix is a major gripe these days. If you're going to be late in the show, send out postcards telling why. Many people have that 1 set of pic only to use & they get mighty worried over their loss. Be considerate, think!! And make your awards BEFORE the show date rolls around. It saves time, hassle...

'This doesn't pertain to shows with higher fees & comm. ribbons, but rather to those 50¢ & lower shows. When paying a higher fee than 50¢ you are expecting a higher quality awards & shouldn't be expected to put up with paper ribbons. A show w/a lower fee, well, you just don't know what to expect!... Myself, when entering a lower-priced show would rather receive full results & no ribbons (especially if the showholder has a tight budget & must decide between ribbons & personal results or no ribbons & full results). Having been showing for several years my ribbon collection is quite large, and there is just no big thrill in The Ribbons. The placings are another thing - I DO like to see how my models have done & who they've placed against... True, the new showers DO enjoy the ribbons they receive. I sure did. But what do people do with ribbons once their scrap book is filled?... Maybe we could re-cycle them for use in our own shows?' signed 'Another Opinion' (Ed. Good point. Why not hold a used homemade ribbon show w/low-low fee for new people? Re-cycle those ribbons!)

'I am here to present the other side of the show fee gripes, the showholder's. You who have never held a show, or better yet, paid your fees in a real horseshow, don't know what costs are like... I show real Q.H.'s & Appaloosas, & that's \$5-\$10 a CLASS. Even your open shows run \$2-3 a single class... Nowadays, small economical ribbons run you 20¢. Grand rosettes go from 75¢ on up. Decent trophies run higher, smallest at \$3. This means a show of about 25 classes could cost \$50 easily! There are those who don't include postage, so the answer is, don't judge theirs (they didn't pay the full entry fee). This helps to up the cost. And there's a risk you won't be able to get enough entries to pay for everything. Many lose money! I still can't figure out how people run some comm. shows at \$1/stable. Maybe things cost less than they do here. Unfortunately these shows are few & far between so the shower hits the ceiling when a super show comes along w/a \$2 price tag. I'm not accusing anyone, but there are some people who want to get something for nothing... Take some advice from a real & model shower, state clearly what awards you are giving. Call or write the ribbon company BEFORE running your ad. State what it's costing to run the show in your ad for ribbons, trophies, rosettes, etc. Take this total & divide it by the number of classes in which you are awarding ribbons... Set a minimum number of stable entries &/or entries per class & adhere to it. (Cancel or combine if need be.) Offer a reasonable range of events if it's an open show. Offer a reasonable placement, such as 5th with ribbons... TT (Thanks! It does take a bundle to hold a commercial show, but so far I've found the best combination is comm. ribbons to 5th-6th with homemade rosettes. Try it, folks. Thanks!!)

This appeared in an article some issues back, I believe, but it bears running again. There IS a close-up lens for your instamatic cameras of some types. It's a "TIFFEN, slip-on filter for instamatic, Close-Up #104/154. It cost \$3.98 at her hometown, but price may vary in the States everywhere. Check your local camera shop! She states it takes really nice pic of Breyers, 6" series H-R's (Ed. I'll say!) & other similar sized models. Hope that helps you all some. Thanks for writing...

Hello from Ogoopojo Stables 000

Hi, everyone!!

Over the past year, I have done some model showing and learned alot about it. I was just thrilled when my Paint gelding, CINNABAR, brought us home our 1st Grand Championship. I've dozens of people to thank for being so helpful, nice & friendly-- Jan Snyder, Maureen Dyson, Carolyn Daughters, Val Hargreaves, Jan Gearhart, Alma Souza, the SSC gang, the Squamish gang & MANY, MANY others. Special thanks go to a super pal, Veronica Hernandez, & our great ol' editor, Linda. Luv ya all!!!

I gave my 1st show in August & loved it! though I had a few

tangles w/my typewriter & the xerox printer! The horses were fabulous; the judging was tough! Thanks to all who made it a success & congrats to the Grand Champ Diamond Snowcloud owned by Jeanne Eckert.

We 'semi-closed' our stables during the summer because we've been busy 're-making' our stable into a breeding & showing operation specializing in Anglo-Arabs w/some Arabs, 3 Apps, a Paint & a QH. If you have a special Anglo-Arab needing a really fine, 1st class sire/dam, write as we most likely have what you're seeking! Our foundation stud is a beautiful Beswick, *SIERRA SNOWDRIFT, & other top A-A's include *Morocco, Bandicoot, El Escorial, Bombadelle, Obediah, Afire, *Snow Echo & many others! We hit the jackpot when I 'inherited' 22 old/disc. Breyers & a gorgeous JO App while vacationing. I've now tried my hand at repainting & all results are good! (Will do custom reps., all types of greys specialty!!)

FLASH: if there are any Canadian showers out there who've not heard of the new CANADIAN MODEL CLUB & REGISTRY (us Canucks only), write to the president Val Hargreaves, or me, the vice-president & editor of news.

Am very interested in any Arab or TB models in rotten cond., low priced, as long as parts are not broken off. Need Clas. Breyer tack, too. Send lists! And now...for a few months only....we present:

*TOUCH OF MAGIC (*Al Nimr x *Bint Mabrouka): This beautiful pure Egyptian Arab has a pedigree a mile long tracing to *Morafic w/almost 75% of the great one in him. Both s/d are 8 time Grand Champs & he is a Res. Grand Ch. & multi-Ch. showing only in halter. Foaled in '66, he's rose grey, blk. pts. H-R 'Amir'. He'll show in Park in the near future. He's open for Oct., Nov. & Dec. only! FREE! Full info req. on dam/foal. Nice certifs....WRITE if interested in anything! Bye, and may all your horses win blues! Andrea Pratt, 253 Stewart Rd., Lions Bay, B.C. VON 2E0.

Hi all! Sorry to have missed the MHSJ for so long, but it was a relief to your ol' editor's typing fingers, eh? (Ed. I'd answer, but my fingers are caught in the machine here, sigh...) Here comes Andrea Pratt's A-A's! Ogopego Stables specializes in them and one of her 1st was a top, beautiful glossy bay Beswick Arab with big star & forestockings & he's been starting his career as a jumper/hunter. His name is *MOROCCO* & his sire is a fine Champ & National winner himself, the Arab *Vitesse. His dam is the stakes winning TB mare from Windsor Downs, Pride of Britain.... He sounds great, Andrea! See y'all next month, I hope!

WE ARE BACK!!!

Hi! My name is Angela Salvemini & I own GOLDEN PINE RIDGE, a model horse farm/stable. I started showing in 1972 & dropped out for a year in '74. Now I'm 15 and have 110+ horses (3 dogs, 2 elephants, a burro & a whole lot of odds & ends!) & over 300 pix. Some of you may have known me & if so I probably will be dropping you a line soon, I hope! I'm sorry for all the delays & would like to thank you for being so patient, especially people who've entered my shows, specifically the one I held in Feb. '74. At my last show I got off all the pix on time (a day early in fact) but the ribbons were delayed a week. Drat! I hope everyone got their pix back okay & were pleased with the results--the horses were all beautiful and hard to judge!

Our stud/service list is out for those who need parents. Please send a stamp when writing to me because I don't have a job or allowance & need all the help I can get! That's why I'm selling some of my horses & alot of showing rights, because I want to have riding lessons next year! I have a list of horses, dogs & miscellaneous items available now. It includes Breyers, chinas, Auroras, Marxes, tack, unknowns and a few H-R s & Beswicks!

Also selling Arab costumes & halters. Have a list of costumes to sell & will custom make them. Halters are custom-made of leather (red, green, blue, white, black & medium, dark or lt. br. Cost: 50¢ a horse under 5" at withers, 65¢ for horse 5" & over at withers. Plus sufficient postage, SASE. Measurements to the 1/4", please....Look for my show next issue too, fee 45¢ for 45 classes!

Very soon I hope to start typing things for people & my postcard mimeo graph machine will be working soon, so I can print for you. Also I'd like to start rep/rem horses & selling them. But more on that stuff later. I make rosettes & ribbons for Champs & such to give at shows. Write for info. Maybe I can expand it to regular ribbons too.

Found: These pix came to my show w/no name/address on back: Fox Trot (Palo. Brey rear stal), Whirlaway (gr old Brey App/Arab mare), Santana (red roan run stal), Easy Dude (br/wh Pinto china walking horse), Desert Sands (mare) & Black Lightning (wh. PA stal. & blk. Arab foal). Please claim these pix & send stamp! R.K.Holt, where are you? I have a pic of yours, please write me!

-45-

Well, that's about it, thanks for reading! Before I go I'd like to thank all the people that helped me get started: Jan Snyder, Mrs. Charlotte R., to name a few, plus our dear Ed. and my dear friend Lori Petroziello. Please buy my stuff. I hope to have riding lessons next summer if I can save enough up! THANKS! GOOD LUCK SHOWING! and OTHERWISE!! Angela Salvemini, 10 Garden Place, Middlesex, New Jersey 08846. Thanks!

MINI GRIPE & NOTE: Someone else wonders why the Appaloosa Performance Horse doesn't do well in shows. He looks very natural & is just a good example of a typical App! He's NOT Ugly. He just looks like a well-built perf. horse. A sparse tail is another App characteristic...I think Breyer did him well. Anyone that knows Apps should know that! Anon. (Ed. Why doesn't he do as well? Look at some of the reps/rem's & you'll know why!)

DIAMOND BAR C STABLES FALL SALE!! 'Quality not Quantity' has always been my goal. I don't think I ever had more than 50 models but that is just too many for me to show. College, a 4 mo. App filly, her dam carrying another 1/2 Arab foal, a Dressage horse, riding lessons, piano lessons plus misc. extra-curricular activities show me even 50 are too many. I now present the following to you. Some are from my main showstring & I'll miss the ribbons they bring me. Pix 35mm unless otherwise noted by P for Polaroid, h-halter, htst=huntseat, ssst=saddlescoat, WP, hrn=harness, tr=trail h/j=hunt/jump. Prices do not include postage/insurance. Norcrests are unshown & am asking what paid for them. Time payments available & should be arranged when you decide to buy. Size of payments depend on price & size of downpayment. Model shipped after last payment. No SASE, no reply, & it goes for seeing pix too. Show results, records, etc. sent upon receipt of payment, shipped w/pix under sep. cover. Models sent from post office so will be weighted/stamped there. Send postage money ahead of time, or wait & I'll bill you for it. Balanced returned w/pix. I truly feel most could be Champs if shown more than the 6-7 times they were. Years shown indicated by model's price. Hope you find something you like! 'The bitterness of poor quality lingers long after the sweetness of low price is forgotten'. Miss Scottish J. Campbell, Route 1, Mokena, Ill. 60448.

In memory of AJEESHABA (known as Gigi), who was a beautiful Part-A ab mare and greatly cared for by one of my best friends, Jane Seffernick. Their great friendship and love together will ong be remembered. Gigi, who was humanaly out down due to a fracture (neck), was a one-of-a-kind horse. Her beauty was that to remember and her spirit was as free as the wind, and Jane, who had a special relationship with this horse; the soft nicker of welcome, totally said, 'they were one'. Res in peace,
 DEAR GIGI.

Jane, I wish you happiness and success in both the real and model horse world, and may your love of horses never cease. Love always,

Karen, Solitaire & all at Galloping Meadows.
