+A few words in memory of RUFFIAN, the black filly who died so tragically the night of July 6th. She was a beautiful filly, so young, so spirit ed, such a pride to her owners & so truly a Champion. She'll go down side-by-side with the greatest. Her spirit will live on to keep a watchful eye over the colts & fillies running at Belmont Park, where she was laid to rest. Shals NEVER beaten, not even in this last race, for in this was her greatest victory-she won the love of all our hearts. Rest in peace, Ruffian, you shall never be forgotten by us. PG

Howdy Walker fans! Back I am with a column after a very busy 2 months. The live show here went superbly w/12 people attending! Such lovely models, egads! On to UNICORN STABLES: THE COUNTRY CAT is a blk. TWH stal. by The Copper Cat & out of Summer'Set's Shady Eady. He's 3 & a Champ, so far taking: a Grands, 1 Res. Ch.; 1st-2, 3rd-7...The next star is THE GOLDEN JAGUAR, a Palo. TWH stal., which is really a disc. Brey. 5-Gaiter. Supposedly this mold shows well only as a Saddler but Sue is proving it wrong by his winning 2 Grands, 2 Res. Chs., 1st-6, 2nd-3, 4th-2, & oth. He's a 2 yr. old by The Country Cat x The Golden Cat. Owner: Sue Hutzel. Thanks for witing about your beautiful Walkers! I hope they we brought in a truckloads of new ribbons by now & continue to. Thanks...WALK ON!!

If you prefer buying 1 issue at a time, after the 1st copy at 75¢ you may purchase copies monthly at only 60¢ each. The next available issue is always sent so please be patient in awaiting its arrivals. CANADIAN READERS: Add \$1 for every 6 issues bought, and NEW (NOTE !!) single copies to Canada are 70¢ due to the extra postage required on them, alas. Thank you!! (I hate that high rate too, but the bulk seal is used on the regular copies but is ineligible on the Canadian & Canal Zone issues. Therefore postage is much higher on all out of the States issues. Thank you for your understanding!! Buy!! Bye? AD RATES: small want or for sale ads, limit 100 words, are run at 5¢ per 20 words (1-19=5¢, 20-39=10¢, 40-59=15, etc.). This rate does NOT apply to stable or classlist ads. Small stable ads, such as I stallion or mare may pass on this rate, but only 1 per issue now. Limit 3 small ads per issue to make room for everyone.... Classlists=\$1.50 (per page; whether a full or only partial page), stable ads=\$1.50 (per page, etc.), long list of items for sale, wanted, traded=\$1.50 (per page, etc.). NOT ALL YOU CAN CRAM onto 1 sheet of paper. I reserve the right to edit copy due to the space limitations/materials.costs. Putting 2 ads together: such as 1 stable ad & 1 classlist; 1 classlist & for sale ad, etc. is wrong. Only 1 will be run, as some will learn in this issue. Sorry! It costs anywhere from \$180 to \$200 to bring out an issue, so as you can see, ads play a very great part in paying for supplies. If you have an ad & are unsure of its costs, send it in to me w/SASE & I'll tell you the correct price. A few times people actually get money back! Small classlists of up to 10 classes & few rules may qualify for running at only \$1. Ask! I'm open to suggestions & want this to be your bulletin/magazine, but I cannot do it without your help. Thanks to all who've bought ads, written comments & otherwise introduced the MHSJ & showing to others. Hats off to YOU ALL!! DEADLINES: Oct. issue: Sept. 6th.: . NOV. issue: Oct. 1st. . DEC. issue: Nov. lst. The somer I get stuff, the somer I can start working on the next issue. Do your part-get ads/columns/articles in EARLY! THANK YOU. ED. Unless you send SASE, I won t reply. And please if you must ask my opinion or request answers to questions, limit yourself to 5 per letter?

That way I can handle them faster maybe. The infor. I give is free, but I cannot pay for the postage on the things, Registries? I hope to make a list of such for listing in the Jan. MHSJ. More on that later on ... The New Shower's Only Show in scheduled tentatively for Nov. 15th. Will get the classlist worked out & in the Sept. or Oct. issues. Hang in there !.. One last item, for those of you who caught the telecast of the 'Almost Anything Goos' show recently, ha ha, cackle, giggle ... sigh. We lost .... NOTE: No more Cover Models are being accepted. Got too many now, argh! The winner of the 'HOW DO YOU OPEN YOUR MHSJ! is...and there were a ton of marvelous ways/letters received ... Sue & Cindy Bergvall. Runners-up: Eve Durra, D. Forestier, & Bette Brown, plus Le Hosking, Margie Lancaster, T. Sturman, Tammy Dittrich, Lauric Ann Hill & Camille Thorn, The winner suggested using all sorts of 'weapons' for attacking the issue, ha, hamely a staple puller, pliers with thin nose, screwdriver & fine end of a hammer (the claw): She got it pretty well covered. Next issue will see a few suggestions in full. Thanks to all for replying! Makes me happy!!

Welcome one & all! Must returned from a swell vacation & thought you'd enjoy seeing the movies I took. I visited many ranches acquired some beautiful new horses this past time pass the popcorn around & settle back---there are & stables that Pull up a seat horses coming up to please everybody; Our film begins w/Misty Bittner's new OH's. There we see THISTLE BUG (14 yr. Brey, Swaps), MOON TAG (16 yr. Brey Silky Sulli.), DUNDI (9 yr. Brey Hobo stal.), & BREEZE BAR (5 yr. Brey. Stablemate TB mare). Her 2 new Arabs are THUNDERING BUG (10 yr. Brey SM Citation stal) & BLITZY BOUNDER (10 yr. Brey SM Arab mare). A new Morgan, SWEET CELEBRATION (12 yr. Brey SM Arab stal) ends the parade. All her new horses can be called 'Brenakers' -- Breyers made from orig. H-R molds... Shady Oaks Stables' sign now flashes onto our screen & there's owner Dierdra Davey at her Arab Division. She points out \*INDRATEZ (rep. dap blk stal) & his son \*IBN IN-DRATEZ (mahog. bay PA stal. w/hair m/t). \*SHEIKS DARK SPIRIT is another beautiful dap, bay Arab foal (rep/rem Clas, foal), Two new Welsh Ponies include \*LINDRITH ALEXANDER (Japan mold rep bay) & a mare named \*LADY\_\_\_\_\_\_ COSCA-- (Lefton rep dap gr). A Lefton jenny named LA BARATA comes bouncing past as BARONESS OF LOTHLORIEM (rep. br. Brey Clyde mare) moves in towards my movie camera. Baroness won Ch. Drafter at her lst show! A real horsehide model eyes me as I zoom in for a close-up. She is a pretty blk QH named POCO PRINCESS, A quick visit to Julie & Japa Brumbaugh's Cheval Farms/Make Believe Farms enabled me to see 3 new horses, On the movie screen is a striking blk, Morgan stal, yet unnamed. He was a gift from Tugboat Ranch, Here's a pretty liver chest, Welsh gelding named MB BLUE DANUBE soon to be shown. A sandy bay App geld, is still unnamed but they are considering naming him MB AMERICAN DREAM ... Kelly Dewsnup of the Thudding Hoofs Stable had lots to show me as you'll see in the next film clip. She has 24 new ones, all Breyers which she thinks are the best. We see CARE FREE (App Ind. Pony) who's fairly-new as is COUNTRY GENTLEMAN (bay Fight, stal.), Other recent additions are LOTTA FIRE (bay graz, Morgan foal), VICEROYS FOLLY (chest. Clyde. mare), VICEROYS SUN (chest.foal Clydes.), RISING SUN (Palo. Fam. Arab stal) & MIDNIGHT SUN (Palo. Fam. Arab mare). That rounds up the news from there... Perhaps my most interp esting visit was with Lynn Lango as you'll see & 'hear' in this next 'Talkie film clip'. Ah! There's Lynn now, 'Hi: Welcome to Heritage Farms! Glad you could stop by! Like to come out to my new barn & see the new ones? Right this way -- look out for cats; especially Oliver who likes to snag ankles as you pass by! As you can see, my barn is a tri-level since land is so expensive, We'll use theelevator to get to the 3rd floor. Had it put in to lift horses, tack & supplies to different floors. I'll turn the lights on & you'll see FAIR NATIVE in his boxstall over there. He's a chest. like his dam FAIR COLLEEN who's produced many winners. Next to him is THE GAMBLER (pure wh. Mustang stal) who'll be shown in rodeo & Dressage. The finto is BATTLE CHIEF, over in the corner. Now let's go to the 2nd level & see WAR HAWK. Isn't he a beauty? I love leopard Apps & he's the spitting image of his grandma! Now, if you'll follow me to the 1st floor I'll show you my foals, Here they are: CHEROKEE FROST & INDE-PENDENCE. Bristow. Iowa 50611

DEFINITION: Electrostatic mange: especially well-known to the HONG KONG fanciers, since they are prone to it. It is caused by too much handling.

At present there is no cure for it except a whole new flock job.

FLOCK comes in various types & jength of fibre--rayon & cotton are the most commonly used. Rayon appears to be used on German Stehas, but HK's are flocked w/cotton fibre, which is cheaper & does not wear as well under handling. Rayon flock consists of straight, 3/4ths mm. long fibres, not apt to break off if crushed. Cotton fibres are twisted, tending to spread & separate into even more stands. When handled, they break off, thus showing wear sooner. If anyone has experience w/nylon or other types of flock fibre, please send in your results. It would be apprefiated!

Have a question on the care & feeding of your flockie? Got a tip on them? Then send it in! Thanks--see you next issue, & THINK FLOCKED!!-9-

OUR SHOWING WORLD Denise Nelson, 7010 Barton Rd., Roseville, Calif.

Hello again: This month we're going to talk about a class where obstacles are required: TRAIL. In a real trail class the horse is judged 60% on work over obstacles, 30% on trail work & 10% on conformation.

tion of the horse. Since we are showing models that can't move, an obstacle is VERY important, the more imagination, the better. This class should be judged on the horse's conf., the tack & what obstacle is in the pic. Listed are some of the tack & what obstacle is in the pic. Listed are some of the tack & what obstacle is in the pic. Listed are some of the tack & what obstacle is in the pic. Listed are some of the tack & what obstacle is in the pic. Listed are some of the tack & what obstacle is in the pic. Listed are some of the obside, water ditch or pond, 4 logs, hobbles or ground tying, backing through an 'L' shaped course, varrying objects from 1 end of the arena to the other (like chickens, pigs, etc.), mail boxes, leading ahorse into a horse trailer, opening an umbrella, dragging a sack or log, many more! So next time you judge this class, remember almost any type of ranchwork is alright in trail EXCEPT cutting & roping. NO Eng. saddles! These were not designed for ranch work & only belong in Eng. classes. There is no such class as Eng. trail. Take care until next issue... (Ed.A few comments. Many people either can't afford or don't have Western tack to show in this class, hence they use Eng. tack. As for horses working on ranches under Eng. tack, try Australia. So if you want to show under Eng. tack, go ahead & try it. Showholders, it's up to you to choose yay or nay on the tack in your classes, so have fun! See in those classes!)

IN MEMORY OF BENNY JOE DID, AQHA #432658, for my friend, Betty T from

All of us who bred our mares to your stallion, Benny Joe Did, wish to extend our sympathy to you. Benny Joe Did died the first week of July, 1975. This courageous stallion fought collic and dehydration for 4 days before he knew he could fight no longer. Benny was an outstanding, beautiful 15hh buckskin, 1250 lbs., even-tempered & well-disciplined stallion & I hope my mare, Miss Penny Lady, will have a foal that will be just half the horse that Benny was...

To Betty, and Benny..."Where in this world can Man find Nobility w/o Pride, Friendship without Envy, or Beauty without Vanity? Here: Where grace is laced with Muscle and strength by Gentleness confined. He serves without Servility; He has fought without Enmity. There is nothing so Powerful, nothing less Violent; There is nothing so Quick, nothing more Patient...We are his Heirs; He our Intelligence." THE HORSE by Ronald

Horse World magazine, 1971. Sent in by L.E. Thanks! It applies to us.

Chages were made to make it apply to models....

1. The horse is a good example of its breed & looks it! 2. The horse is well-developed & well-groomed, dusted in our case. 3. Although standing still, the model shows animation. Ears & eyes are alert & all feet are on the ground (standing models only), the tail hangs well. Of course you can't re-do a model's tail unless'it a remake or new one added, but they should be groomed & nice-looking & fitting of the breed. 4. The photo is not retouched in an attempt to improve the horse's conformation or appearance (no repainting on pic with felt-tip pen, pencil, etc.) 5. The background does not lose the model, uncluttered preferably, of a contrasting tone & texture from horse, stone works well: 6. The horse is not placed awkwardly, weight placing is evenly distributed, model does not look like it's getting dizzy & about to keel over! 78 To avoid the appearance of a short; thick neck, the horse's head should not be turned fully to the camera. Search through the viewfinder of your camera to spot the best possible angle to make the model(s conformation the best it can be. 8. Aim the camera at the middle of the horse for correct proportioning. Pointing at the hindquarters will make the horse look heavy \*\*\* while pointing at the head will make the head/neck too heavy & the hindquarters too light. 9. Find the focal point of your camera to be sure your hard-earned, hard-taken pix are not blurred. Happy camera clicking. I'm a new kid on the block & so if you wish to see one of my horse's show record, it won't be long & elaborate because we are brand-new. But, I CAN show you a long & elaborate pedigree! I'm sure you'll be satisfied if you breed to one of my horses. All fees are 15%. Send an SASE for full information on horse & I'll enclose my whole stud/dam list for hire. These below are my top ones of their indicated breeds. All foals must be at least 2 yrs; younger than sire but if you write & tell me your horse's age, I'll negotiate. I'll almost always accept your foal. For mares, send me his/her age & f mare you wish to use is open at that age of foal, you can use her. Always send SASE. Thanks! This month we have Kelly Dewsnup's information about preserving our pix. She says to buy plastic wrap used to wrap sandwiches in. Cut off e-

nough so you can cover the front of your pic & the back w/o over-lapping much. Then scotchtape which you can write on is good to use on the wrap to hold it together. Then you can write classes on the tape & not on the pic. When the plastic gets dirty, just take it off & replace it. If you smooth out the plastic you can hardly tell it's there & your pix will hold up longer. Thanks, KD, for that top hint!

Another tip is on stall building. An easy way to stable your models is to save the Breyer type box your models came in. Set the box up on its side, tape the bottom to top after you've cut dutch style doors in 1 end, and you have a new stall to protect your fine model. You can take construction paper to cover it, draw on it with a magic marker or paint it to suit your whim. Also they may be stacked into 2-3-4 level barns.... Please send in your showing, making things, etc. top tips? The shower you help may in turn help your problem be solved. He's a bl/wh Pinto with 1 large white spot on his back reaching down the sides of his barrel & stretching from withers to tail. (Aha! A saddle blanket?) He currently has a 2nd, 4th & 6th to his credit & should improve on that later on. Thanks! Next month, we'll be back w/ if you have any, please send lists: Designer's Workshop Mustangs, TWH, OH's, lying foals, Wild Horses; older Arabs; minis TB, Morgan & Arab mares, Native Dancer, Citation, Sea Biscuit & many more! Can only buy at reasonable prices, but if interested, might trade some very old Breyers for models, like I have: bay OH, woodgrain Sad., rear. App stal., etc. Please help? Hartlands & Breyers wanted, too. Karen Goodner, 1519 Alder Ave., Lawiston, Idaho 83501. Thanks! / ED. How much do the older H-R's

cost? They range from \$20 on up to \$100 IF you can get them. So hang onto your goodies unless you just want them to go to a good, loving home.

BARB JOHNSON got 3 horses for Christmas (sniffle, I didn't) & one was a Buckskin 2 yr. old gelding dubbed YANKEE REBEL. He's a lively young fellow but very gentle & is a good jumper for experienced riders. He'll be some showhorse, no doubt! Buckskin is her fav horse color, how 'bout that! DORADO is her great stallion & this 4 yo ½ TB/½ QH is also a top jumper with smooth gaits. Gentle & easy to manage, he'll be one of her top showers! Thanks, Barb! Got a buckskin horse? Write in about it!!

Now, thanks to Margie L. & Michelle E., we have the following info on the differences among buckskins, duns & grullas. First. BUCKSKIN: A buck is a yellow horse varying from gold to nearly brown, w/blk or dk brown points. In addition, the true buck. has a blk or dk. br. dorsale stripe, shoulder stripe & zebra stripes. The Intern. Buck. Horse Assn. however does not make the stripes a requirement... (Dorsale stripe or 'list' is a line running along the spine from the forelock to the tip of the tail. A shoulder stripe or transverse stripe is one across the horse's withers. Zebra stripes are horizontal stripes on the gaskins & forearms of the horse.). Next month: The DUN. See you all! Got info, send it in!!

WANTED TO PURCHASE: Books or magazines on Thoroughbred racing. Most interested in buying TB Record, Blood Horse & The American Racing Manual (any year). Patricia Ann Brophy, 19 Clawson St., Staten Island, New York 10306. See our stable ad this issue, too! TB power!!

```
Last issue we covered the Pressman Horsey Set horses, but for those
who missed it, they made 3 horses: 1. HUNTER, Arab type, white; 2. WESTERN
HORSE, snoke grey, Pinto; 3.RACE HORSE, ?. Apparently Pressman
made only these 3 horses along with some riders, tack & stable
accessories. Thanks, KP, for helping out!... Now for this month,
we have a bunch of horses, Japane-made, think-legged but other-
wise nice, are H-R Des. Workshop size, stamped with the symbol to the right on their stomachs. It is either 3 hearts or a shamrock. Can you tell us what company used/used that mark? If you can help, send the info
to Linda Walter for inclusion here & later articles by TR. Thanks !! HELP

GRRRIPES!! c/o Linda your Editor, Got too many now, hold 'em

If you are opening a registry, lst see if anyone's interested! I think specific breed registries (Arabs only, Morgan only, otc.) can get more done...Are you willing to file, write, mail & shell out money to get it going? Can you run off information & have you the money to advertise? Does the model world really need your club? Have you an alternate route if you flop? Consider how many are like it, what you can offer & can you keep it?...Hold off on registries!! C?.

shows around the holidays & unfortunately, due to the mail slowness then, missed them. Well, these people did NOT return my entry fees which amounted to \$1.50. I have written tons of letters to these kids & still no money. It has always been the standard practice in the show world to return somine's money/fees if they miss a show, anything else would be stealing. You 3 folks had better return my money. When someone enters a show & does not place, I ALWAYS refund his entry fee in full as & believe that is the only fair way to do it. Also if someone enters & only gets a few 9th, Dth's, HM's, I always refund his fee unless it's a benefit show. I think these are good rules...for all showers to follow. SG

In 1 show I judged...I had a problem of pictures so tiny, subjects so far away, hard to tell what they were, etc., subject by a full-sized water bucket (again subject, small), on picnic table in backyandd (whole table & yard dwarfed model), Drafter on hood of car (street in evidence in background), so ever see a Drafter on a car hood? Now really, how IS one to just take the horse into consideration with such obstacles defeating the purpose?..." B. (Ed. Try for uncluttered backgrds., contrasts, etc)

"I wish people would remember to put the fees in the envelope when they enter...I can understand occasionally forgetting it; but when you write a note on the results asking them to send it please, and they don't...it bugs me. There weren't any holes in the envelopes either. I've had about 2 people at each racemeet who sent no fees & got ribbons. Do unto others as you'd have them do unto you! Please remember fees?! Anon. (Ed.What bugs me is people who send in ads but no fees & then hollar when their ads do not appear! I forget fees, too, but I pay up. Try harder, folks, & race holder, if the same folks do it, simply return their entries to them without entering the races. Maybe they'll wake up. Or take their extra stamps as the fee & send back the entries postage due. Sigh...) -32 Jet.

'What really bugs me is when people don't give the size of the model in for sale ads! esp. if it's not a well-known make. Several times I've sent for a model thinking it's Breyer or H-R size & gotten a 2-3" thing. I know it's up to the buyer to find out before purchasing what she's getting, but that's a hassle & waste of stamps (finding out). Why can't the seller state the size in the first place & save time? You'll sell them a lot quicker if you try it. It can't hurt to let the buyer know what's up in the list...' J. (Ed.Right on, J! Sellers, take note! It helps!)

Returning pix & complete results! All least what YOUR horses did! I finally got pix back after a month's wait & fearing they were lost in the mail. No response for inquiries. Have a ribbon, but who won it, for what class, etc? Please get pix back promtly or let us know why the delay is occuring. Label ALL ribbons! Note other placings if there are no ribbons for them, please. Send complete results later & tell where we can buy a copy of them. And tell how many were in the class! Thanks...! B (Ed.A-gain right on the head you are with that Gripe. I get so tired of getting back late entries with 1.I cancelled (no fee sent back), 2.I held the show, you placed (but where?), & 3.full results to follow (when? In 1976?). If you hold a show, be ready to handle ALL responsibilities!!bye

\*\*\*CAVANAL HILL is moving!! As of AUG. 10, 1975, we will be in Arizona where we lived before moving to Oklahoma. Our new name will be announced soon, and we will have an all-new sire/da, list. When we move I will have a handy typewriter at my Dad's store & a xerox machine. That'll save time!

I need info on holding a live show, so flood me with it! It'll be awhile before we get all our furniture at our new home, so we'll have a lot of space.

I'm going to start a new Q.H. line after our real QH's.

It is started in memory of our greatest stallion, CHEROKEE SCOUT, who died recently. He was an AQHA All Around
Champion in Halter, sire/get, reining, roping & working cowhorse! His sons/daughters are very promising. (Some are already Res. State Champs!)

I'm riding 2 of them now: Cherokee River (my best gymkana horse) & Scouts
Trophy (my showhorse). So I want to buy QH's for this new line & will pay reasonable prices but must be able to change name/parents if any. Swamp me with offers, please! Now to the standing horses here currently...

APPALOOSA HOOFBEATS: Peg Rowan, 462 Ewing Rd., Youngstown, Ohio 44512

Hi, App fans! This time we feature another bunch of Appaloosas. Did ya know that Hartland made several Appaloosas in their time? The first set came in grey of varying shades with white blankets (though some were in more of a leopard pattern) & blk points/spots. They carried the number 6003 & were 7" tall w/stal., mare & foal. A lesser-known App was a grey standing several inches taller than the Family set & carried #840. He's quite sought after now & some say he came with a rider. The last App is #9926, a blood bay with black points. He also appeared as a blue roan in the same mold, though not as commonly as the bay. Know of others? Write!

The Budjonny is a successful 'new' breed in Russia although little known here. In 1948 a military stud near Rostov created this horse by crossing the native Don Horse with the TB. With interbreeding, an agile, speedy & long@winded horse resulted. They make superb jumper having attained Olympic standards as well as top mounts. They are usually bay or chectnut with a golden overtone to the hair, & they stand approx. 15hh to 16.2 hh. Their limbs are clean & strong, with curved neck, deep, wide chest & body & a rather beautiful head. The overall effect is nicer than the original Don Horse & prettier than many TB's... Thanks, Cindi: The breed is not well known here, but now some folks might start showing them. How about it? Let's fill up those unusual breed/others classes! EVENSTAR ARABIANS MISC. Drawn by you or a friend (II), & III cut out of magazines, postcards, etc. 28.color pic. 29.black/white pic. Help a club get ribbons for its Final Championships !! Thank you and come to my show ...

First of all, let me qualify myself as a judge. I began showing live horses at ago 12 in all aspects of western riding, went into English P: & equitation. From there I went on to 3 & 5 Gaited Horses, and finally, I switched to hunters and jumpers and belonged to a hunt club. I have also collected horses for over 20 years and have a knowledgeable background on such, especially the new horsehide ones ... Now ... I saw some very poor judging at a live show ... One instance was in the Championship finals when a Res. Champ Perf. was to be picked. There were only 2 horses (not mine): a Lefton (no tack, not even a halter) & an H-R (nicelyrep. in perfectly scaled West. gear). The judges picked the Lefton. I think great favoritism towards 'friends' was displayed. Another instance again was in the Championship finals when the judge narrowed it downto 2 geldings: a plain, orig. fin. Breyer Q.H. gelding App (no halter, no tack) & a prancing black horse in the most beautiful, handmade & realistic western parade outfit ever to hit the model ring. The outfit fit perfectly and surely must have taken weeks to make --- the judges picked the Q.H. The obvious winner was left 'out in the cold'. Many people noticed the injustice but said nothing. People: If you judge, be fair! Below is an outline I feel will help everyone who considers herself/

himself a judge of a live show or otherwise. It took hours of deep concentration & thought:

1. Put a side 'Friendship' & 'Favors due'. 2. Look at every horse in every class. 3. Is he/she correctly entered? proper breed? proper tack?

4. Whe really stands but like is some thumb!? The truth is self-evident

4. Who really stands out like 'a sore thumb'? The truth is self-evident & there is usually 1 horse that is truly worthy of that blue ribbon. Do NOT be afraid to choose the obvious winner. 5. How much effort was put into the model? (A. Is it a good rep.? handmade? flocked? carefullly remade? B.Is the horse 'fresh' from the store shelf? no halter? no effort involved in preparation?) 6. In tack classes, how much time do you think it took to make the outfit? (A. Is it realistic? b. Leather, plastic? c. Remember; studding & buckstitching takes tedious time & sometimes weeks to finish. Most of all, does it fit? d.Does the tack look good on the horse?) 7. Photos should not matter that much. Look at the horse/tack first. Then consider background/setting. 8. Painstaking effort in presenting a true team of horses & tack should be well considered. Remember, these are models, not real, live animals & should be judged as I sincerely hope everyone will read this & keep this outline in mind whenever judging a model horse show. Thank you... This is a revival of an old, long standing column in the MHSJ. I'll be contacting a new writer soon about taking over, but for now, let's sit back & 'talk Morgan'. How many model companies made/make Morgans? Would you believe that Hartland/Circle H, Lefton, Hagen-Renaker, Breyer & a few others did/do? Beswick? Not really, but many of their heavier 'horses' as they are labelled can pass readily for a Morgan Horse, especially the Welsh Cob & the Dartmoor Pony. What were the orig. Breyer Morgans' colors? How about a rich bay w/bald face/stockings & a black along the same lines? Then they switched the Morgan to a black fellow with a diamond on his face & disc. the bay beauty...What are the numbers on the current (newer) H-R Morgans? Here they are: Lippitt B-704, the mare Forever Amber B-703, and their foal Roughneck B-550. There was also a lying Morgan foal carrying the name Miss Pepper & number B-701. There are others but the space is running out, ha. Got a Morgan? Hang in there & I hope to have a new writer going full ahead here next time. Bye! LW

I would like to know if the following stable names are in use already. If you know they are, please write. I'm desperate. Names: Golden Springs & Raging Rapids. Please reply! Carrie Garver, 6765 E. Adams Rd., Clare, Mich. 48617. Thanks! /NEWS NOTES: According to several sources, the new Breyer Stablemate 'Citation' TB stal. is out. Supposedly by this time, a SB Swaps, Silky Sullivam, Native Dancer, Sea Biscuit; plus an Arab Horse foal & Morgan Horse foal should be out in stores. Anyone find them yet? Cost: Te^TB's are \$1.25 & foals \$1.90. But check around, because in some 'discount stores' they have been bought in bulk and you might pick them up for as little as 89¢ each! I found some for 97¢. Look around.—it pays to ask & shop a bit. Happy Breyer hunting!

We're going to delve into horse colors, so off we go! A few things to note before descriptions are that model companies aren't always right about colors. Designations like alabaster & charcoal are not true horse colors. Alabasters are either white or lt. grey & charcoals are blk, & these should not be entered on 'other colors' on classlists... BAY: body color tan to red to reddish brown, mane/tail black, sometimes blk. on lower legs/ears, nose, etc. But not always ... BROWN: body color br. or blk. w/light areas at muzzle, eyes, flank & inside upper legs, m/t blk. & usually blk. on lower legs...SORREL: body color reddish or copper-red, m/t usually same color, never blk., but may be flaxen (light off-wh. hue)... CHESTNUT: body dk. red or red-brown, m/t usually same color as body, never blk., but may be flaxen...DUN: yellowish or gold, m/t blk., br., red, yellow, wh. or mixed, often dorsalstripe, zebra stropes on legs & transverse stripe o/withers...RED DUN: form of dun w/yel. body color/fleshcolored, m/t red...PALO.: golden yel., m/t wh...GREY: mixture of wh. & blk. hairs, ususally born solid-colored & gets lighter w/age... RED ROAN: Môre or less uniform mixture of wh. & red hairs. BLUE ROAN: more or less mixture of wh/blk hairs...ALBINO: snow wh., pink skin w/no dk. spots, m/t white, no dark hairs....Showers handbooks now available by sending 10¢ to: AAndrea Pratt, 253 Stewart Rd., Lions Bay, B.C.
