Our First Annual Swimsuit Issue

(And you all didn't believe us when we said that Kim Harvey did DOG IMPRESSIONS! "Is it live or is it Memorex?")

Inside This Issue...

The First Annual Model Rag Swimsuit Issue...New Special Runs...More TMR Auction Items...A second or third-hand report on "Toad Suck Daze" (See Drivel Column)

About The Model Rag...

The Model Rag was established in 1987 by collectors for collectors. The format was developed based on ideas from many people actively involved in all aspects of the hobby, and is flexible to the changing needs of our readers.

In order to allow you to more easily locate the information that you are most interested in, The Model Rag is divided into separate sections:

- For Sale
- Wanted
- Miscellaneous (repainting and tack services, clubs, personals, etc.)
- Showtime
- "People, Places & Things" (to fill you in on the people, places and things that make this hobby special)
- "The Litterbox" (our commentary section, where you can get the latest information on what's new from the manufacturers, special runs, and who doing what to whom).

We offer articles on various topics of interest to the hobby, and also have several reoccurring columns, such as Cheap Thrills, Madeline's Newsletter, and Laurie's Drivel Column (O.K., we know the Drivel Column is a little, um... different, but it grows on you! Besides, what other model horse publication offers a column that even non-hobbyists look forward to reading!)

Subscriptions

\$15.00 for one year (6 issues); Trial Issue: \$3.25. Send all subscriptions to: Heather Wells, 3985 Strong St., Riverside, CA 92501. Please include an SASE if reply needed.

"Here's a thing
who's lost his wings
and doesn't know where to find them..."

can you help?

Yes, I'm the proud owner of an original Monrovia Hagen-Renaker (with excellent detail and tri-colored eye). It was a one-eyed one-horned flying purple people eater - however he can't fly without wings. I'd like to restore him to his pristine glory (?) but I don't know what the wings look like.

Can anyone help? If anybody has a complete OEOHFPPE I'd love to borrow a photo so I can restore mine! (If not, I'll just have to wing it!)

Awards - Ribbons - Rosettes

Are you planning a live show in the near future? A photo show with rosettes as awards? **Snohomish Ribbon Company** is the perfect place to order the flats and rosettes for your next show!

Snohomish Ribbon Company offers a wide variety of flats and rosettes at reasonable prices, and features special 4" mini-ribbons in flats & rosettes - just right for model horse shows! You may choose from our basic designs, or we will work with you on a custom color combination or rosette design.

We had never heard of this fascinating hobby before being contacted two years ago to do the ribbons for the Shining Aspen Live Show (Daphne Macpherson); since then, we have done awards for model shows (live and photo) in Washington, Oregon, Illinois and Arizona. Many of these customers have placed repeat orders, and have told us we have the most competitive prices they have found anywhere. **See illustration below for an example of our work.**

Our mini flat ribbons start at 12c/ribbon (2" x 4" pinked top & bottom). Price breaks are offered at 1-500, 501-1000, and 1000/up. We also have flats with card, eyelet & cord starting at 22c/ribbon.

We offer a variety of rosette styles and sizes:

Single rosettes in 3 1/2", 4" & 4 1/2"

Double Rosettes in 4 1/2" & 5 1/2" sizes

Silk Flower centered Double Rosettes in 4 1/2" to 6" sizes

All rosette styles may be ordered with one, two, or three streamers, as well as with five streamers with center streamer overlay (perfect for Grand/Reserve awards). We have several horse motif logos available for use on rosette buttons, or for the "custom look" we can make a die-cut of your club or stable logo for a one-time charge of only \$15.

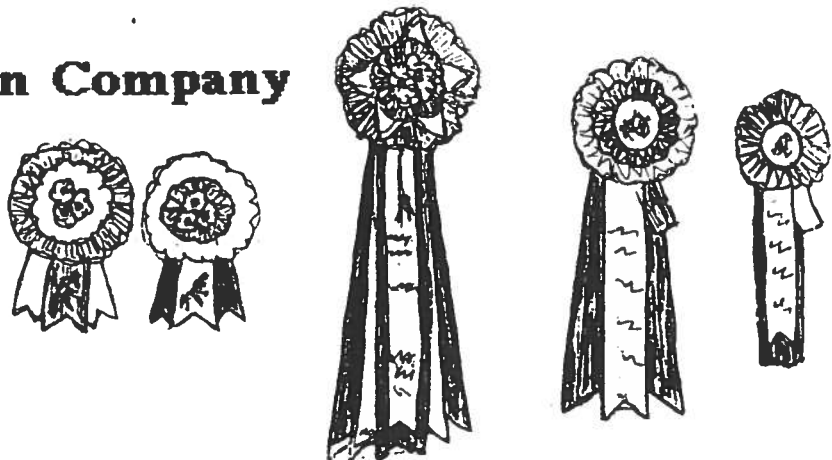

Rosette prices run from .90 base price* for our single 3 1/2" rosette with one 2" x 8" streamer (simplest design) to \$4.50 base price* for our deluxe 6" double rosette with silk flower center and five 2" x 15" streamers with a center streamer overlay.

*All orders are subject to a \$3.00 set-up charge, and there are additional charges for special items, such as placing or class changes, colored foil ink (other than gold), or added ribbon petals on rosettes.

Write for our current price list for full details on all pricing. We can also tell what ribbon and silk flower colors are available, provide examples of available logos, or give you a price quote on a specific ribbon design if you include a drawing or complete description. Give **Snohomish Ribbon Company** your next ribbon order - you and your entrants will love the results!!

CHEAP THRILLS

Send submissions to: Gale Good, 1359 Sherrill, Anaheim, CA 92804

Wow! Things have been so busy that I know I haven't had time to look for anything. Luckily some of you haven't had the same problem.

While at the Western Regional Congress a few weeks ago, Lynn Lindgren of Arizona told me of her great find. In answer to an ad, she went to see a woman who said she had a number of old Breyers. There wasn't anything spectacular but then the lady mentioned that she had some ceramic "fat-necked Arabs" in the next room. Turns out these were the Hagen-Renaker palomino Morgans--Monrovia no less. Lynn picked up 7 or 8 DW sized HRs and about 15 minis! It was the largest find of HRs in one place that she'd personally had.

Speaking of WRC, there was lots of wheeling and dealing at the show. At least two collectors have decided to get out of collecting and brought quite a few models to the show to sell. I picked up 5 or 6 models to fill in those glaring holes in my collection. (Well, they're glaring to me.) Once home, it was insanity time trying to rearrange everything to fit them onto the shelves. (You could hear the poor cases groaning from the weight load.) There's so many squeezed into one place I expect it to go critical mass any time now and explode.

Also at the show, a limited number of the Special Run (SR) red roan Lady Phase were raffled and there was also a SR of the 11" QH done by Hartland Collectibles. The latter was restricted to one per person and the 20 offered Saturday were sold out in less than 30 minutes. Wish I could make money that fast!

The number of special runs will be drastically reduced this year. We're already hearing rumors on a couple of them and will keep you informed through The Model Rag. In the meantime, perhaps you'd like to know about SRs of the past. Part of the following umteen part series was originally published in the now defunct The Collector's Journal by editor Teena Housman and written by Jill Gollner. More information has been added to it but I've retained the format as it presents the information in a coherent manner (something unusual for us model collectors). Depending on the page count of TMR, one to two pages will be printed each issue until the list is complete. It's approximately 15 pages and still growing. If you have any additional information or corrections, please send it to me with a copy of whatever document(s) you found it in. Eventually a completed and corrected copy of the entire list will be available.

Year(s)	Mfg. Number	Model/Description/Quantity/Finish	Released By
early 1970s	????	<u>Morgan (stretched)</u> -solid face bay (Very little is known about this version. It was thought that they were done for a Morgan Horse Club/Show.)	
1977	606DP	<u>Ruffian</u> -dapple grey (500) (Supposedly there is proof of this release in a catalog back in the midwest. My Sears in California only offered a <u>two</u> horse USEF Team. It's possible this was a regional release. If so, there should be a lot more out there than have ever shown up in known collections.)	Sears Roebuck?

		(It is possible to find the mare and foal in a <u>very dark dapple grey</u> . The general opinion is that the second run was done in the darker shade.)	
1979 (?)	120BSK	<u>Running Mare</u> -buckskin (?) (A 1979 catalog with this model offered in it has been found by one collector. Breyer sent Penneys a sample of a buckskin Running mare and foal and a standing buckskin mare and foal to chose for their Christmas special. The standing set were chosen but when the photo was taken, the running foal was accidently substituted for the standing foal. There is only one buckskin Running mare in existence.)	JC Penney

DRIVEL DRIVEL DRIVEL DRIVEL DRIVEL DRIVEL DRIVEL DRIVEL DRIVEL DRIVEL

(With added editorial comments by Kay...Hee!)

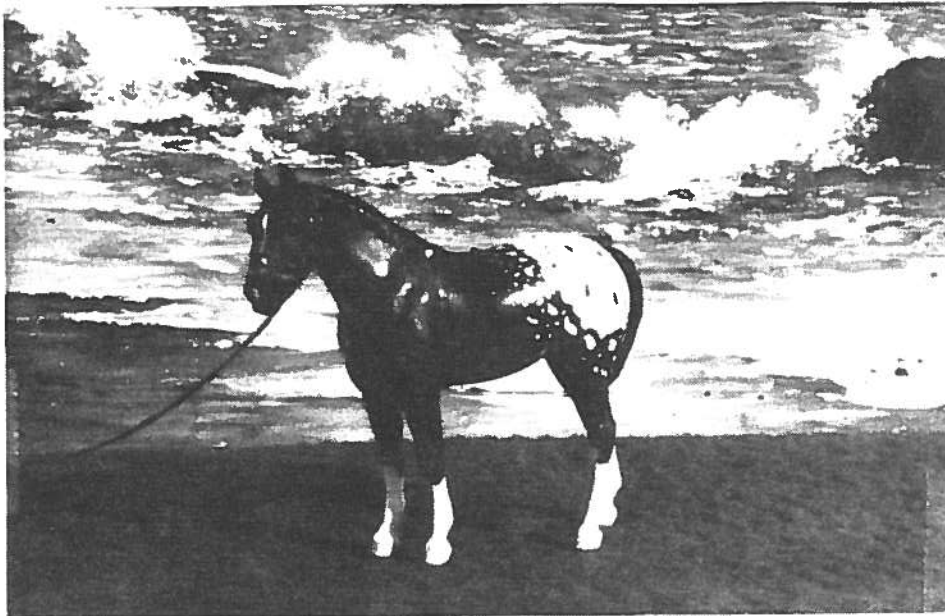

Whew. I actually survived W.R.C. You all should have been there....boy, what a party! Our judge ended up wearing a most attractively stunning lampshade, and rubber glow-in-the-dark slugs floated enticingly in the punchbowl. We showed a video of "Dynaman" (Many thanks to Julie F. for supplying us with the vid..."Show us your watches! Hai! Time to press the red button!"...and Sarah's favorite "Crabman!!"). Well, I guess you had to be there. Some people missed it (and perhaps were thankful of that...) *(Kay here - Only that we missed the lampshade and "Dynaman", not the show!)* Anyway, be sure to attend Heather's big live show in October, "California Live!" for a rescreening of "Dynaman!" *(If that isn't motivation to go, I don't know what is!)* And by the way, WRC will be in June next year, so all you cholary types can attend with less stress and turmoil due to finals *(Oh, I don't know...I think that the added tension of students on No-Doze really contributes to the already calm and collected atmosphere of a live show...)* Next year everyone should be in the mood to party hearty.

I had a great time visiting with everyone!! You were all so nice to me! *(They just don't know you like we do, Laurie...)* (After all I have put you through...I thought I had alienated everyone). Especially enjoyed Cathy von Matt and Steph Robson who were actually amazed to see that there really are snails that crawl around loose around here...they found a "slimer" outside the WRC Hall and brought him in to view the festivities *(Lucky slimer...did he have the same glazed expression that the majority of non-collectors have at live shows?)*. Someone later found him crawling around in Karen Grimm's wares...(or was it Heather's stuff??) Anyhow, Steph and Cathy are asking all you demented souls out there to attend their big live show in Canada, "The Thunderbird International"...so be there or be triangular.

Non-attendees of WRC missed Sarah M's elegantly decadent ensemble of black boots, argyle socks, black slip (no skirt, mind you...) and flannel shirt. Oops, forgot the black eye makeup and white hair. And to complete the look, she uses white powder on her face a la Morticia Adams. *(She sounds just like my sister-in-law, except Sarah's missing the corn-row hair)* A nice fashion statement. Fashion paragraph. Fashion War and Peace. Anyway, she cracks me up in a big way cause I can make fun of her looks and she doesn't care! *(Unlike the rest of us...we care, and you still make fun of us!)* I even made remarks like, "Sarah doesn't rent a room, she just sleeps on the grate..." and, "She brings her models to shows in a Vons shopping cart..." I am so mean to her; she donated a horse to the WRC benefit auction and it only went for \$450.00. Poor girl was hounded by everyone for customs...people were begging, pleading, licking her toes...it was pathetic *(And you were at the head of the pack...to get the "scoop" for The Model Rag, of course...)*. (Plus she has hangnails...) Ha, ha, I am so weird.

Enough about that show. Onward to future shows...be sure to get to the Hartland show in Napa that Deb Buckler is having. If you attend, you can buy a very special limited edition Lady Jewel and Jade in black with silver mane and tail! plus, it should be fun, fun, fun! If anyone wants to carpool up from So. Cal., get in touch with me or Heather. I am trying to get all my old custom order backlog done so I can do some Hartlands for the show!! Hope my hand holds up. Did I tell y'all? My hand has carpal tunnel syndrome so I can't do very much dremmeling anymore. I was scared I wasn't going to be O.K. but it seems to be improving...Heather was a pal and came and did a lot of the dremel work for me. Anyway, sorry to bore you with my health problems. *(Well, now, Laurie....boring us with you health problems isn't THAT different than boring us with slug stories, so you go right ahead!)*

Oh! Now...without further adoo (is that how you spell it, Kay?) *(Well, those with carpal tunnel syndrome of the brain spell it that way...)* without further doo doo *(Now THAT'S how you spell it!)* ...here is the Bow Wow of the Issue:

This horse is owned by Linda S. She calls him, "Zombie Horse From Outer Space." He is not too bad. I have seen worse. *(Now, seriously folks...THIS is a Bow Wow??? O.K., so he's standing on a green carpeting with a Tsunami wave coming down on top of him, and maybe his spots are a BIT too precise, but still...let's get some REAL dogs back in this magazine!!)*

Got interesting stuff from Becky Hileman...seems they have a "Toad Suck Days (Daze)" Festival where she lives. *(The mind just races at the possible implications of that statement...)* She sent the whole newspaper supplement for

all of the activities during Toad Suck Dayz. Here is a legitimate ad from the newspaper she sent:

A "Crowd Pleasing Traffic Stopper???!"; "Displays Lingerie?!" Maybe we should buy one for the Rag to use in our live show display. Kay? (*Definateley - but only if we use it to display lingerie!*)

I was watching Sesame Street a few days ago and saw Oscar the Grouch singing the following song. I love it and had to put it in the Drivel for y'all:

I think that I'm

falling too, alone in the swamp with you.
You...never looked so terrible.
You...never looked so fair (not good, just fair...)
You...go so well with crocodiles.
Stinkweed becomes you (it goes with your hair).
Drops dripping, bites swelling, frogs flipping, skunks smelling,
I want to spend my life through, up to my elbows in goo,
Alone in a swamp with you!!"

You can bet the Taj Mahal is not for you and me,
The Sahara's far too green, Coney Island's far too clean,
For a Grouch to play...
I want a place that is damp and slimy,
So I can sail with you right by me,
Off on a grouchy holiday...
Birds trilling, bugs biting, it's thrilling, exciting,
Love is a leaky canoe, alone in the swamp with you.
Toads creeping, snakes crawling, fish leaping, trees falling,

Well, if anyone wants to sing this song for a social function, I can be reached at (714)661-1116. (Somehow, I don't believe that anyone else could match the classy rendition that you give this song, Laurie...)

Here's Janice B's "Make Fun of Idaho" gag pic of the issue: "An Idaho Double Date...Two Guys and Two Dogs..."

And, for the Archie McPhee offering this ish, here is an ad for "Deluxe Finger Monsters." They remind me of the Nonnee Monster! Mair, does Nonnee have any progeny? That he's told you about? That you'd admit to?

9181. DELUXE FINGER MONSTERS. These little 1-3/4" rubber guys are incredibly detailed and endowed with spikes, scales, suction cups or ridges. Their arms waggle effectively and their bulging eyes make them look frightened or surprised. Put these on your fingers and have "Punch and Judy in Space" puppet shows. You may have seen cheaper, lousier takeoffs of these, but ours are the original ones; each piece has its own registration number in its mouth. These are the best of the best and large enough to fit on adult fingers. Too good for kids--keep them for yourself. We are proud to be their authorized distributor. And we expect them to be made the Official Finger Monster of the 1992 Olympics! Big assortment! 5-finger special/\$2.75.

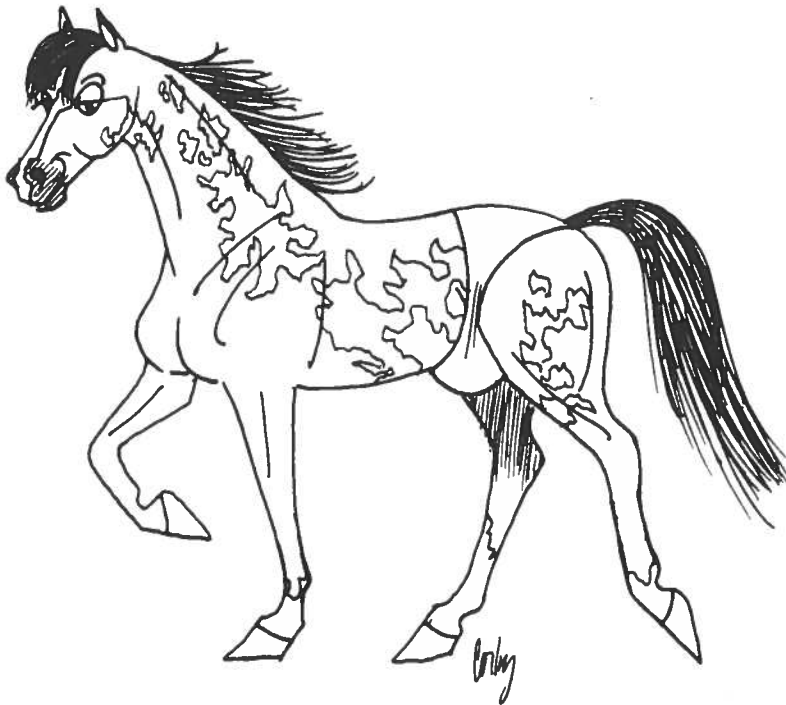

(Kay here - made the mistake of talking to Laurie before I sent this issue out, so she made me promise to include some additional items:

1. **Ted's Psychic Reading.** Yes, folks, it's true. Tednick, Laurie's former horse (well, not that he isn't a HORSE anymore...he's just not LAURIE's) had a PSYCHIC READING. Apparently, he is grateful to Laurie for saving him at the Chino auction, many moons ago. My question through all this is how do you know if the psychic is telling the truth?
2. **Mexico Trip.**
DAY 1: Tuesday, May 30, 9:30 p.m. The phone rings - it's Laurie. She asks what I'm doing this week. I say: "I am going to Florida on business on Thursday and Friday. WHY?" Her response: "I might come to visit you." Me: "Great, when?" LJ: "Oh, tomorrow..." It seems that the condo they were going to stay at in Mexico does not allow children, so Laurie was stuck with an airline ticket that had to be used on that date. She was going to check into transferring it for a flight to the hot, humid jungle of Southeastern Penn. We left our conversation with the idea that she would call me at work as soon as she had her plans made.
DAY 2: I start phoning Laurie's house at 7:00 a.m. Pacific Coast time. No answer. As a matter of fact, there is no answer ALL DAY. I am now in a panic: Is she coming? Is she HERE? Will she call me to pick her up? Did she go to Philly Int'l or Duffy Int'l Airport? (That's what airport she THOUGHT I said at first! Is there really a Duffy Int'l? Anyone know?) AUGHHH!
DAYS 3-5: Not a clue as to her whereabouts. Maybe she went to pay a surprise visit on another poor sucker...
DAY 6: She calls. She's been at her mother's. In that hot tourist spot: Anaheim. My Florida trip was called off, and even though I was tempted, I decided not to tell her that I didn't go because of her. But it would have been fun...
3. **VIDEO TAPE PEACE OFFERING:** As an attempt to get on my good side as I put together the June/July issue, Laurie has recorded a movie called, "Stuck on You," and is sending it to me. If I can piece together a coherent review of this

incoherent movie, I will let you all know next issue. FLASH!! It seems that this is not merely a one-movie tape, but is in fact a DOUBLE-FEATURE along with, and I'm not making this up, "A Polish Vampire in Burbank." I'm baiting my breath even as we speak...)

Have to cut this short or else Heather won't come to help me dremel anymore...
Bye till next time. Laurie

And now...for your drooling pleasure, TMR is proud to present

PEOPLE, PLACES & THINGS PEOPLE, PLACES & THINGS

Well, boys and girls...this is your faithful editor-in-chief speaking. I assume that you all took notice of The Model Rag's facelift - Hope you like it! We were very interested in purchasing a Laserprinter for our Macintosh computer; unfortunately, the model we wanted was a little, shall we say, "moola-intensive." So....if you can't beat 'em.....you use your computer at work.....the IBM PS-2 Model 60 with the H-P Laserjet.....and the Aldus PageMaker desktop publishing package (Any of you who subscribe to the Hobby Horse News will recognize the style - Paula uses the PageMaker program too). It is taking a little time to reformat some of the sections on the IBM computer, and to get used to the new software, but we'll work all the bugs out! One other thing - now that we are using this program, it is imperative that I (Kay) get ALL advertising before the deadline. If I need to retype your ad, please try to get it to me as soon as possible - I have to get everything together before doing the layout, so if you can cut me a break, I'd appreciate it!

Sorry for the increase in ad costs last issue. When we started up this publication, we agreed that it would be a stand-alone enterprise - we will not throw good money after bad if it can't support itself. We tried to hold off, but at 4 cents per page to copy and a subscriber base of 220 (and growing!) even our new rates do not cover the printing costs. But...either A) we enjoy putting the mag out too much to let that bother us, or B) between the three of us, we only have one brain (Laurie's!).

Oh - one other thing - now that we're revamping the mag's appearance, we have a request for those of you who use photo ads. If you want to use them, PLEASE send in CLEAR photos, with little background interference. If you're in doubt, photo-copy it first; if it's not clear and light, don't use that photo. Alternatively, if you would like to insure good photo quality, you may wish to have your photo screened prior to sending it in. We can not screen photos for you, but if you have your pix screened yourself, there is no additional photo charge for running a picture in your ad.

Lee Francis has a new addy. As of June 14th, her address will be: P.O. Box 549, Rochester, PA 15074

Congrats to Darian Buckles, who got the high bid on the Moody/Jensen Kelso that was auctioned in the last Rag. It went for \$120 (one-third to TMR)! Val Sibert got the woodgrain FAM for only \$20 (100% to TMR)! Be sure and check out this issue's offerings!

Thanks to Carolynn Ruth and CeCe O'Connor for providing us with the "Misty and Elvis In Heaven" picture!! If only it was on black velvet... For those of you in the dark, please refer to Paula O'Keefe's guided tour of Chincoteague in the last issue!

Thanks also to Liz Roman, who sent us two beautiful pen and ink drawings for use in this issue! And, of course, those studly studs in their skimpy suits come to us from that talented team of Corky and Ardith - thanks guys!

We have a BIG "Thank-You" to all of our readers/collectors who send back their un-cancelled postage stamps to Heather!! How they get through without being touched is beyond us! Heather says that since starting TMR, she's had more trouble with the USPS than anyone could imagine. We appreciate the stamps!

Kay here - got a call from Dotty van Vogt the other day. She told me how much she enjoys the magazine, and how all the people are "kind of like a family." I thought that was a good observation; I often feel that I'm reading one of those "family newsletters" that people send at Christmas, except that ours comes out every other month!

Well, well, well...we have a few letters to the editors:

"Well, guilt is heavy upon my soul & I feel like I gotta quit reading bootlegged Xeroxes of my neighbor's MODEL RAGS & fork over the bucks for a sub of my own...And maybe if I'm a real subscriber I can go ahead & enter Laurie's horrific tacky lawn art contest (snicker - I've been cruising the east coast for years photoing the worst of the worst). -E.B.-

"I discovered that mailboxes DO freeze shut after they have been hailed on (luckily they open after they have been hit, gotta have that MMMAIL)! But the minute I opened that manilla and started reading Saturday didn't seem all that bad! The Model Rag saved my Saturday!" -L.S.-

"...the Model Rag is great and I enjoy each issue. My only problem is, I don't always understand parts of the drivel column, in particular all the stuff about slugs...I've decided the problem in not understanding...may be one of the following: A-I'm too old, B-I'm not from California; C-I'm sane, or D-I've been using and smelling the wrong glue. The only thing that worries me about your magazine is that after reading it for a year, I am beginning to understand a lot of it!" -K.M.- (Kay here - I vote for letter C myself, but if you're starting to understand it now, it appears that you're slipping your cogs along with the rest of us!)

"Your renew or else notice did scare me. My two sons (6 and 2) used that tactic on me. Have you ever tried to clean up a dozen eggs off a linoleum floor? Their father finally had to set them straight about using "or else." So until someone sets you all straight, you can go along and terrorize innocent people and get what you want. Here is my check to renew my TMR sub." -C.S.-

"I think that the Surgeon General should be notified of the extremely addictive properties of this (TMR) publication! I tried not to write this check, I tried not to put a stamp on the envelope, or place it in the mailbox, but after only a few minutes of just considering not renewing my sub, I began to suffer severe withdrawal symptoms. To wit: sweaty feet, loss of coordination (could hardly get that bottle of wine cooler to my lips!) and hallucinations (mostly glowing slugs, stuffed ponies, and strange turtle-like beings riding longhorn bulls). My doctor says there's no known antidote, so here's my renewal, and may God have mercy on me!" -L.R.- (*Kay here - Actually, they have started offering a TMR program at the Schtick Center: now you can kick your smoking, drug dependency and TMR additions all at the same time! You know, the shock treatments ("Don't turn that page! *ZZZT* Aughhh!"*).

Got a cute note from Steph Robson (Canada) - she made it out to So Cal for WRC this year! She said that it was a roaring success and that she loved meeting all the great people (Laurie and Heather have been elevated to the position of minor deities). Steph is also the one responsible for my new title: "High Priestess of Advertising!" Thanks Steph - I like it!

Question from the "Peanut Gallery":

"What is a 'Chalkie' O.F.?" - L.S. -

Well, guys...can anyone give an explanation for our next issue? Send your answers to Kay!

Rich Rudish

As some of you might already know, Rich Rudish died this past May. It is a great loss for our hobby. He was very interested in model horses, attending the last two years at Western Regional Congress. He will be missed. From these drawings to his models, his credits as a A.H.S.A. judge and all the beautiful book illustrations he did with Marguerite Henry.... he will be remembered.

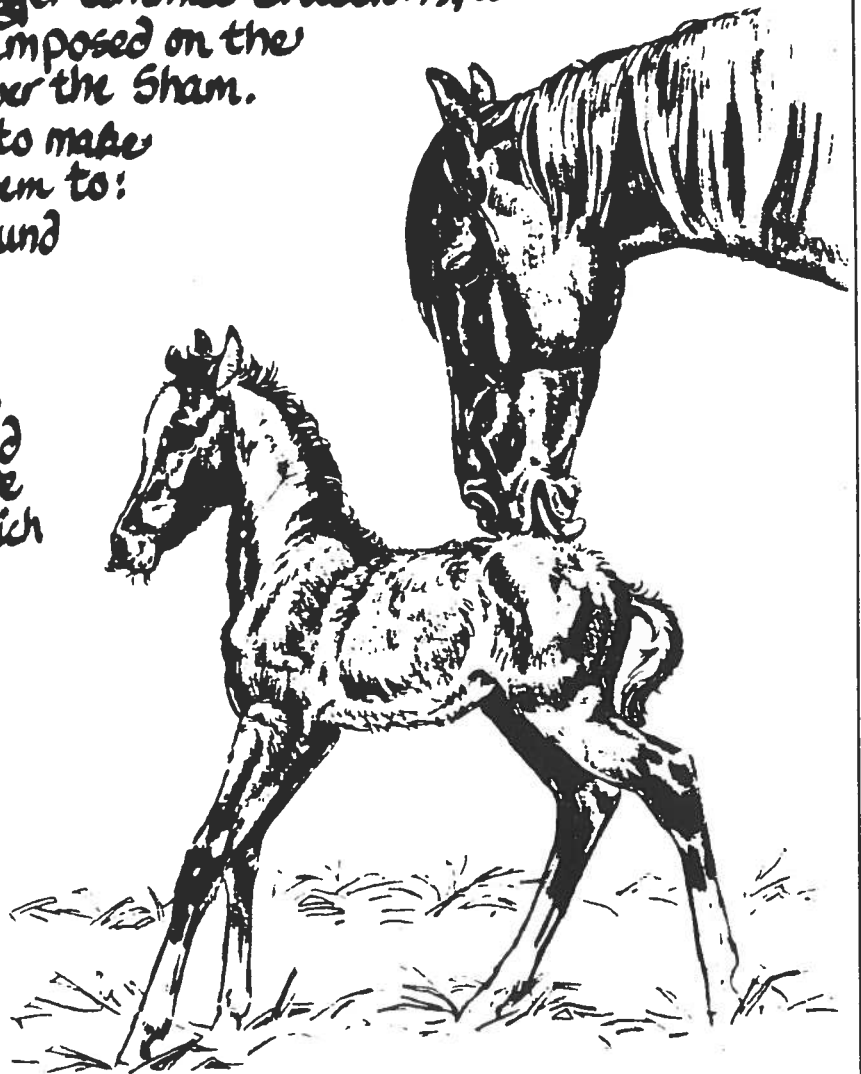

The Gene Autry Museum at Griffith Park in Burbank has many pieces of Rich's artwork. The Museum will dedicate a bronze memorial plaque to Rich. With permission from Breyer Animal Creations, a Sham outline will be superimposed on the plaque with verses over the Sham.

Those of you wishing to make donations, can address them to:

When we all show his models and chuckle and admire his drawings, we all share his spirit which will stay with us forever...

News from "H-R Mini Color Variation Central" (Heather):

- #2048 Mini Pterodactyl - originally in one shade of green, now is being produced in a multi-shaded green version.
- #2046 & 47 Basketball Cat and Pouncing Cat - formerly had blue balls of yarn, now they have green. Also, are now on ceramic bases, rather than the wooden or plastic versions, as are the horses, #2050 & 2051.
- #892-1 Green dragon - Now has yellow dots instead of gold.
- #52 Cheese - now has edges coated with red, to resemble the wax coating used on real cheese.

Congrats to our own H.W. - she nabbed herself the Breyer "Modernistic Gold Buck and Doe" at a local swap meet!! A very rare find!

And speaking of great finds, congrats to Sheryl Leisure, who scored a woodgrain Poodle AND a Gold Charm Running Foal from our favorite antique dealer, Jerry!

Charlie Over passed away recently from a heart attack. It seems that Mr. Over left this world owing a lot of money to many people in the trotting industry - and many people in the model horse world too! He filed for bankruptcy shortly before his death - Ardith "Sharp Eyes" Carlton saw the bankruptcy notice come across her desk at work, and alerted us to this. We would like to point out here that Ardith is in no way involved with Mr. Over's business affairs. If any of our readers were owed money by Mr. Over, please let Heather know; if enough people were affected, we will try to get some additional info on the matter. Send SASE to: Heather Wells, 3985 Strong St, Riverside, CA 92501

Noticed that Pete Stone is really making the signing party rounds this year! Kay has received at least FOUR mailings from different stores announcing upcoming signing parties! Be sure to try to attend one near you and get the special red roan Lady Phase! If you are unable to attend, you may wish to note BHR's ad on page 8 of this issue regarding the signing party horses.

Word from BHR on the "Silver" Special run grey QH Geldings...due to production line problems, they are not expecting their shipment until mid to late July.
