NEW ARRIVAL AT BHR

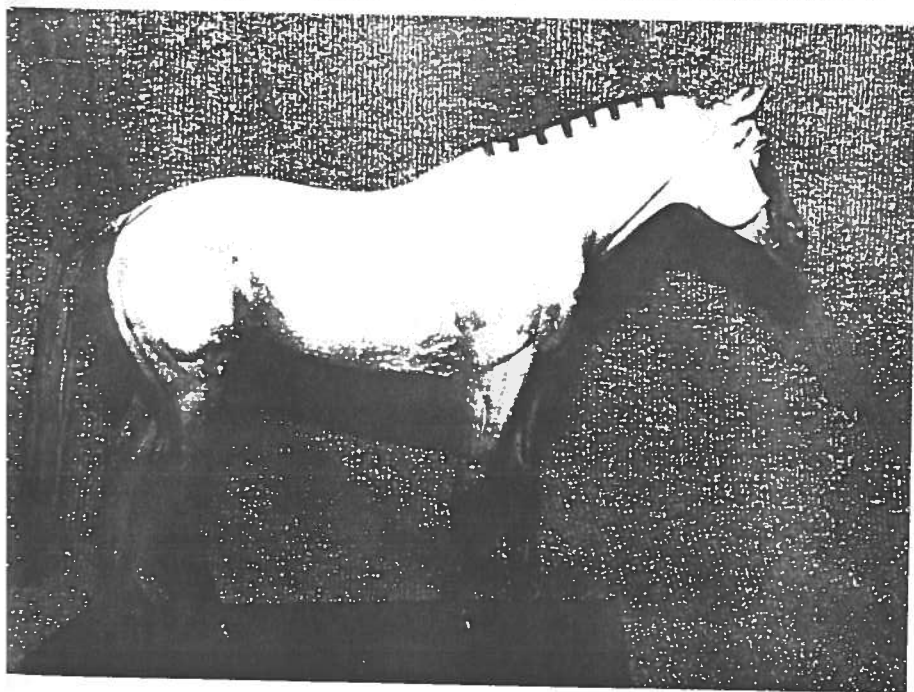

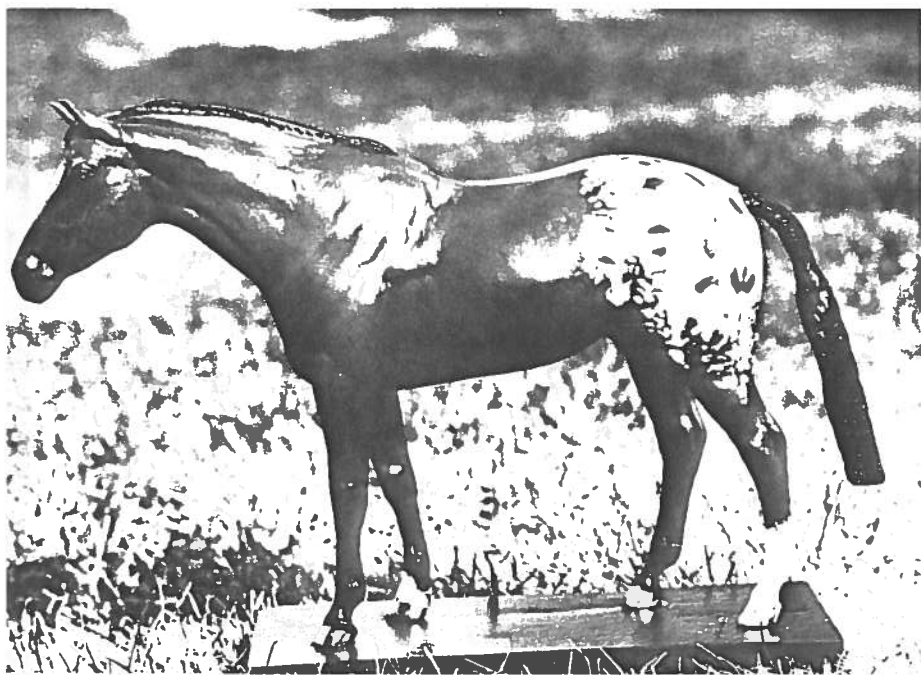

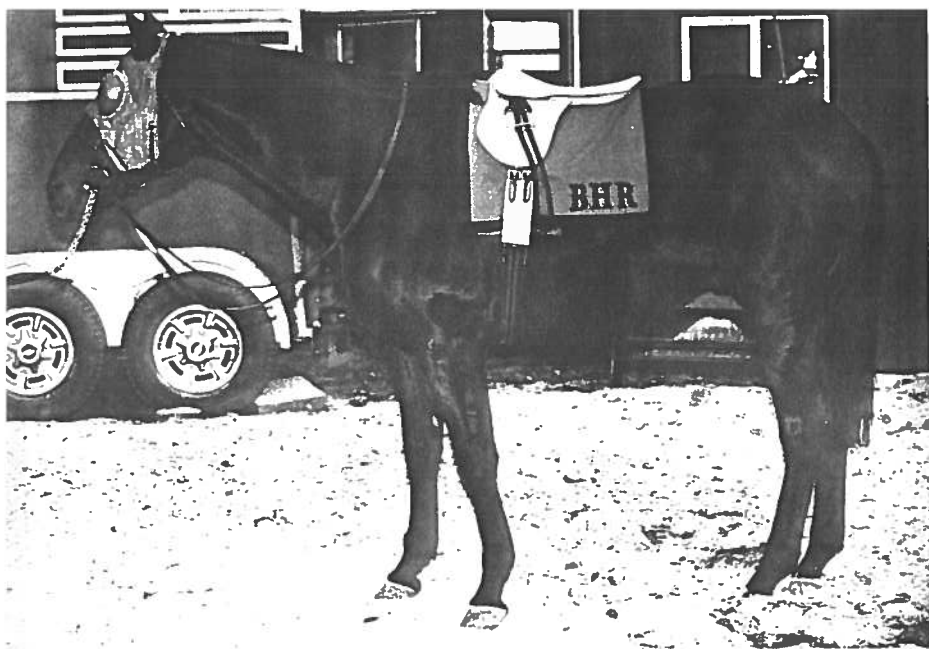

Just in time to start off the new year, we are happy to announce the availability of the second piece in our cold cast resin & bronze line....the Thoroughbred stallion! He has been sculpted after our own real Thoroughbred stallion, RITTMEISTER, who finished his racing career in 1985. He is a son of sprint star Delaware Chief. The model sports hunter braids, and is in a conformation hunter stance. He is aprox. 9 1/2 " tall by 11 1/2" long and is mounted on a base. We offer two choices, either airbrushed colored or bronze (patina finished). At present, we are finished up aprox. 20 pieces in airbrushed acrylic. We will photograph each and then offer them to individuals to buy. This way you can see the exact horse before shipment. If you require custom painting (per photos you supply), add \$5.00 extra and allow time to process your order. Photo deposit is \$1.00 each for persons unfamiliar to us (returned when photo sent back). Each is serialized & signed. You may see our display at any 1986 Thoroughbred auction in California. We sell to real breeders & owners.

BHR MODEL HORSE NEWS UPDATE

This mailing is being sent to you free of charge as a part of our service to the model horse collectors that we deal with. As a past customer we would like to thank you for your orders. They enable us to put the money earned back into stock so we can better serve you with faster service.

From the factories.... many of you know of Hagen-Benaker's newest items for 1986, the #75 QH in a much improved color of chestnut with flaxen mane & tail, and a lovely blaze face. Several new birds are available, but no new horses are under development for the fall.

From Breyer, the new Touch of Class (traditional sized), Lady Roxanna (Artist series), and Thelwell series are due for release in July, although I wouldn't count on it. Production is backed up, and we are having lots of trouble with filling orders from New Jersey. Many items have been backordered for 6 months! Please bear with us, and if you have any complaints on poor quality, packaging, etc. Talk to them, not us. We will continue to ship out Breyers in factory cellophane unless instructed to open & check out model. These horses are never without some factory flaw, and we are not responsible for anything other than broken models. Horrible flaws should be returned to Breyer for replacement. We cannot get better quality unless you the collector do your part and let them know what you want to see!

Steven Manufacturing has started sample running their 7" family sets, so we might see these available before long. They also have talked about changing some paint jobs on many models. We are working with them by sample painting some of their models.

We have added the Willett's line of carousel & equestrian figurines to our lineup. These are great gift ideas!

From the real horse end of BHR... our two 2 yr old fillies are gone away now, starting their track training. They should be ready to start either late Del Mar meeting, or Santa Anita. Our broodmares have all foaled now, the score is 1 filly, 2 colts! On Feb. 14th, our grey mare Charming Isle foaled a bay colt by Fast (Bold Bidder son). On March 15th, our dappled rose grey mare Glittery (shown racing on our reprint page enclosed) foaled a liver (? she's turning colors now, so don't know what she will end up, black, liver, or grey!) filly by Canadian Horse of the Year (and sire of Variety Road), Kennedy Road. And last of all, our chestnut mare Love Command foaled a bay colt on April 8th, by Telly Savalas' T'S Pop too. All are doing well, and we invite anyone to drop in and see them all. Names for the 2 colts have been reserved by the Jockey Club, Love To Tease & Isle Go Fast. But the expensive little filly is unnamed! Anyone coming up with an acceptable name for her will be given a trad. Breyer of their choice! So hurry and think! Her breeding is Kennedy Road (Victoria Park x Nearis) x Glittery (Tom Tulle x Grey Glitter, by Tudor Grey).

I would like to apologize to all the people who have understood how busy these last few days have been (foaling, breeding, whelping! Heidi (Dobberman) had 1 blue puppy at the same hour that our last colt was born! He'll be Lucky Dog, and that brings our Doble herd to 31) and I am very sorry to have missed the photo shows, live shows, bar b ques, and other events. I know you will all understand. Orders come first, and mail answering comes after, so please be patient for any answers! Keep in touch! If you don't find anything of interest on these lists, please pass it on! Thank-you.
