

MODEL SHOWER'S JOURNAL

--April--

Here we go again! Right off, let me apologize for the tardiness (and sloppiness too!) of this issue, but I've got another great (?) excuse. It seems my good ole mother was in the hospital for an operation, and "guess-who" has been delegated as chief cook and dish/clothes-washer? Me! So, I truly haven't had a chance to work on the Journal. Please forgive? Thank you too, my penpals, for not getting mad at my lateness in replying to your letters. I WILL write soon as this gets out--the Journal, that is. Hope it's "spring-time" where you are, because it sure is here! Good-bye, goose-pimple and COLD weather! And on to the Journal...P.S. I might start showing again...groans, cheers? Boooooo!

HELP!! I, your dummed editor, has been handled a question that I really do NOT know how to answer. I've gotten several letters asking me about this, and I'd LOVE for some of our more horse-wise members to answer it if they can. The basis of the question is, in part, based on the question to be found on page 12 of this issue. Now I find another dilly, and that is: Can an Appaloosa marked horse be shown as a Q.H., and so on? From ALL the info I can find in my dozen or so books on the breeds of horses, the answer is NO. As quoted on page 12, a registerable Q.H. is ONLY solid-colored! Help! In the Quarter Horse shows I've personally attended, NO Appaloosa-marked horses were seen! And an article in a Quarter Horse journal showed the proper color markings to be used as a guide for registration--you guessed it, NO APPALOOSA-MARKINGS were shown. There is only one case I can name of an Appaloosa being "Honored" by being registered with the American Q.H. Society (?), and that horse was the famous "Joker B", and I think this is correct (I've NO new info--help!!). So, the letter writers were concerned about Appaloosa/Q.H. being shown as full-blooded in each breed class. What shall we do? Please write in some info to me!! Does it really matter in model shows, that a horse is shown in both? Do send in an opinion!! What do YOU, the READER, think??

petition, and his winnings total to a 10th and a 2nd in QH halter classes, plus a 7th in a Buckskin halter class. Granted this record is not particularly stunning, but I believe that as I continue to take more pix of him and enter him in more shows, he will turn out to be one of my best models. His sire is Gambin' Man; his dam is Sierra Bonnie. He is registered with SSMHC and the Sectionals. At this moment his stud fee is 15¢, and he has sired three foals to date--"Sierra Spice", a Buckskin QH filly; "Sierra Wildcat", a 1/2 Buckskin Mustang stallion; and "Sierra Melody", a Buckskin 1/2 Arab mare. (All of his foals must have "Sierra" in their name. He will be shown extensively this summer, and perhaps some of you will see him at your shows.)

**ANNOUNCING!!!**

a new registry...for Hagen-Renaker models ONLY!!!

This new registry is being started by Linda Gibeaux, and it is called the DISTRICT OF COLUMBIA REGISTRY FOR HAGEN-RENAKERS. To register a horse, send the name (yours for the horse as well as that of the H-R company if one was on the model), color, sex, sire, dam, size, if adult, or foal, etc., possibly the manufacturer's number (to help identify the horse), and your name, address, and stamp for certifs return. Send to Linda at the address above. If you are unsure as to whether your model is H-R or not, your letter is welcome here for an at-temp at an indentification! (That "here" is at my house, L. W.'s.) This registry is for some of the elite horses being shown today; so, get in there and get them registered. (Ed. note: Mine already are!!)

Hope to see every ones' beautiful Hagen-Renakers here!

MY FIRST MODEL

by Doris Hollis

featuring Shari Marshall...

My first model was complete with cowboy, a Hartland model, Wyatt Earp. He is a rich chocolate bay with 4 white socks, a removeable western saddle, and his reins can be taken off or slipped over his head. His name is Tombstone. He hasn't been shown yet, but I hope to show him fairly soon. (Good luck with him, Shari!!)

That's all this time, bye for now...

 THE OTHER CORNER

This month's question is, "What is a Hunter?" sent in by Margie Brunner.

A Hunter can be of almost any breed. One of the most popular breeds used as Hunters is the Thoroughbred. Many people who have tried a Thoroughbred-Quarter Horse cross have found them to be large enough to jump some of the most difficult jumps and also to have the calm disposition that often means the difference between following the hounds until they catch up to Reynard or going home after the first 5 miles because dear old Dobbin has sweated himself into a tizzy fit, and you'll have to walk him for the next two hours to cool him out!

To me, and to quite a few of the people that I've shown against (in real shows), a Hunter is a horse that has good conformation, no major faults, straight shoulders, etc. A Hunter is a horse which goes over jumps boldly and does not falter. He should like to jump. He SHOULD be a horse which is strong in wind, sound in bone, and, a horse you can handle safely.

Hope this helps!

Gigi

Dear Model Showers,

In the last issue of the M.S.J., the Hagen-Benaker address was printed. I do not want anybody to blame Linda for the issuance of this address. Linda printed it as a favor for me. I'm sorry for any trouble it might have caused.

Sincerely,  
Kathy Grieb

(Ed. note; Thank you, Kathy, but so far, no one has truly raised the roof over the address being "out". Thank you, model showers, for being good sports!!!)

To all those who entered Brierwood/Mountain Glen's All Breed Show:

We are very sorry for the delay of sending out the pix and results. We know we went against our word but we felt it wouldn't be fair to some people who live in Canada or some place where it takes a while for the mail to reach us, who sent the pix out in time to not be entered in the show because of the mail strike. Thank you for being so patient. We should have had a million letters by now.

Sincerely,  
Kathy Grieb and Nicki Tower

THE SHOW RING

starring... "RED LAD" by Sherry Cannon

Red Lad is a Welsh pony stallion. He has a flaxen mane & tail, a blaze, socks, and he's a deep red chestnut. In one show he picked up a 1st, 2nd, Ch. Welsh halter, Halter Champion of Show, and Best of Show (beating out my Ivor Sugar!). He's really one of the "greats" in the pony world. Good luck with him, Gigi. (Gigi Goodling, owner.)

Send in a summary of your horse soon! Send to Sherry Cannon, Strawberry Acres, 5445 Windsor Dr., Charlotte, N.C., 28209.

by Linda Albin

Okay, Ya'll! This is ole Grips again! C'mon, I need info! The column is slowly dissolving! Helpppppp... Well, this month, I turned to our good ole Ed for help. She suggested I tell ya'll that you can use anything (just about) to make things for your great models. Such as: leather shoe laces--harnesses, stirrup leathers, bridles; old purse leather, felt, tin foil, wire, twine, nauga (?) hide, anything!! Try it! Most of my stuff is made out of scraps, and Linda's famed Harness Champion, Pride of the Americas, wears a harness she made herself out of leather show laces! By the way, I have some new halters for sale:

- Gold trim, fits Hartland Saddler--20¢
- Gold trim & chain, fits Breyer Mustang rearing--20¢
- Silver trim, fits Breyer Arab mare--15¢
- Gold chain & trim/red & white noseband, fits Breyer Morgan--20¢
- Gold chain & trim, red/wh. noseband, fits Breyer mare--20¢
- Silver trim, fits Breyer mare--15¢

That's all for this time. WRITE & send INFO!!

Linda Albin, 5926 Black Maple, Houston, Texas 77018.
