TERMS OF SALE:

All horses are sold on the 'first come' basis. Checks will have to clear my bank before model is shipped. We recommend that you do not send cash as it is easily lost in the mail - PO money order, bank drafts, even personal checks are safer to you the customer. All horses are sold post paid - and will be shipped to you first class postage and insured. If damage occurs during transit, please - notify me IMMEDIATELY so that we can file a damage claim with the PO.

Each horse has been named. I cannot compel buyers to keep the name or even the specified sire, much as I would like to keep you all a part of our 'family'. Each sire is noted in parenthesis under the model's name. Dam's were purposely left blank so that you could use your own favorite mare and add a new g foal to her produce list. If you do not have a suitable mare, I can arrange for one of our mares to be dam. All horses are of predominantly American bloodlines and I include pedigree (at least for sire) as far back as I can trace. All sires are in MARA's registration pending file.

I hope to be having another production sale this summer - either for the Wisconsin Live show or else for Congress - or both - depending on which shows I get to. That sale will be mostly Arabians, but also a few partbreds, and maybe a couple apps and a drafter or two. Hope to see you there!
