

wrote with some interesting info for model horse folks: **Rondel Wood Products**, 2679 Washington Rd., Waldoboro, Maine, 04572, produces lovely wood carriage and wagon kits for 1/12 (Classic) scale! They say they will be adding 1/10 (Trad. Artist) scale in the near future. A writing campaign might encourage them to do it faster! Also: **The International Side Saddle Organization**, PO Box 282, Alton Bay, NH, 03810 has recently reprinted *The young Horsewoman's Compendium of the Modern Art of Riding*. This book was originally printed in 1827 and covers how to ride sidesaddle. A limited edition of 500 copies, it is \$19.95 plus \$2.50 postage & handling. They do have other books on the subject, if you would like to find out more about sidesaddle for your models. Thanks, Melody!

The Breyer Porcelain Icelandic Ponies are finally shipping! If you ordered one from your dealer, you probably have it by now! Mine is really stunning; much higher quality materials and paint job than I was expecting! I for one am really looking forward to the Shire next year, and the new Gem Twist 1993 regular run Breyer, both sculpted by Kathleen Moody. She's the best thing to happen to Breyer since Chris Hess passed away, leaving them floundering around for qualified sculptors. How we've suffered during those years!

I found the October 1992 issue of *Western Horseman* magazine to be chock full of information! It is their breed annual report issue, and has contacts and addresses for just about every horse breed association you can think of, and a few you can't! For example, did you know about the Rainbow Morgan Horse Assn.? They promote Morgans who are palomino, buckskin, gray, dun, grulla, roan and chestnut w/flaxen m/t! (OK judges, now you can't DQ my buckskin Morgan in the ring!!) There's also the Blazer Horse Assn., the Int'l COLORED Appaloosa Assn., (now why do you suppose they need this one..?) the American Dominant Gray Registry, and even the Int'n'l Striped Horse Assn.! Humor aside, if you need to write to an assn. for info. about a horse breed, this is a good magazine to have around.

"Loved By the Sun"

Featured Model

Here's a horse for you to ooh and aah over...A Limited Edition US-only special run Royal Worcester porcelain! Beth Rappleyea, the owner, didn't say what the breed is, but the color is palomino, and it looks like an Arab. "Sun" is a multi-champ in all forms of showing, and was the OF Grand Ch. at MAR in 1992. (Ed: I've seen him in person, and he's a winner!)

Issue Number 4 November 1992

Editor's Notes

Whew! The saying "be careful what you wish for...you might get it" really rang true for me this month! I begged for submissions, and got so many I had to drop my next fun fillers! Thanks for all the kind words about the last issue. I think it looks good, too. Now, if I can only find a cheap commercial copy place that does decent copies! I felt the prints last issue were too light, but the price was too good to pass up.

PLEASE write me if your issue gets mangled by the mails! I will extend your subscription by one issue if this occurs. I had only 2 people write about issue #2, which was the one-sheet-only issue. I haven't had any trouble with this 4-page format, probably because it is bigger and heavier. But DO let me know if yours arrives damaged—don't suffer in silence!

Last issue my mind must have been somewhere else, as I was guilty of several typos. I admit I have no formal typing training! I misspelled Featured Model CM artist Cathy Tweeddale. Sorry Cathy. Hey! If you find a typo in your ad, write and tell me—you'll get a free ad in the next issue...!!

I need more submissions for Featured Model photo. I am especially looking for rare or unusual molds and makes of OF's, just so people get to see new things. I alternate OF/CM photos each month, and have several lovely CM's currently on deck. So do send in those rare OF shots!

Next issue, (space permitting!) I plan to introduce an SH-subscriber-only, all-halter photo show series, called "Instant Shows!" These will be only advertised in SH, with fast judging and turn-around; easy to do because we're monthly! Stay tuned for more details!

Hobby News

Susan Bensema Young wrote to nag me over a few misspellings in the last issue (OK, OK! I'll try to do better!) and the fact that my reportings on the Sears SR sets had some colors wrong. Well jeeez n' crackers, Susan! I was looking at the catalog, and described what I saw! Anyway, Susan says, "In the Quiet Foxhunters Set, the Roemer mold is a semi-gloss black-bay, or seal-brown; John Henry mold is darkish chestnut." I described these two as black and bay.

Anyway, I'm sure that's old news to everyone, since we all have these horses now, right? But never let it be said that I don't correct my errors! Thanks, Susan, for setting us straight. And thanks to all who wrote with additional Sears comments. Because we've got a lot of stuff this issue, I decided to end that dialog. By the way, the SH policy is not to print any news that is printed in other hobby mags first, so as not to be repetitive. We only print fresh news, no stale stuff!

I received a flyer from Bentley Sales Company, giving us the addresses of the two people in the hobby who will be handling the selling of the last of the Marney Valerius collection. There are approximately 350 pieces left. For OF Breyers and china, send a business SASE to: Antina/Terry Richards, 5838 Darlene Dr., Rockford, IL 61109. (815) 398-2778. For

CM horses and Breyer Auction models (I assume these are the more rare Breyer models originally offered at auction at the sale), send long SASE to: Cheryl Monroe, 4616 N. Ainger, Charlotte, MI 48813. (517) 726-0575. I also learned that Greg Valerius has kept the "In Between" Appy-Arab mare mentioned in Marney's book, for himself, as that was apparently Marney's most treasured piece.

I was looking through the Lone Wolf Star (Laura Pervier) North Light sales catalog, and noticed that it says that the North Light company in England will custom paint any piece in any color! If you like North Lights, maybe this would be a way to get a sort of "SR" North Light! I just ordered the new Clydesdale—the new horses are really quite good! Nice to know there are a few places coming out with new horse molds! Also, Laura has told me that next summer Lone Wolf Star will be going on a U.S. grand tour, traveling from Washington state to CO, NM, MO, Breyerfest KY, IL, MN, and MT, among others! She is organizing "Tupperware-style" home get-togethers along the way, for local collectors to view the new North Lights and other goodies! Neat idea!! I'm going to be having one here in Boulder; contact Laura to see if she'll be anywhere near you! Her address appears elsewhere in SH.
